Every proportion pinned, counted and re-derived

each piece is worked in the order listed and sewn in the numbered assembly sequence; all stitch counts in this edition re-derive exactly from the written rounds.

Paper-verified edition: every stitch count, repeat multiplier, chain length and decrease schedule in this document was re-derived from its own instruction text. No sample was crocheted, blocked, weighed or measured, so all sizes, yarn quantities and times are targets for you to confirm on your first make.

Cover artwork is an illustrative render of the written design - not a photograph of a sample.

A cat folded into a perfect loaf. One no-sew body on an oval base: the ears are crocheted onto the head and the tail is worked off the body, so there are no separate components to sew on. Finishing still uses small ear-base tacks and embroidery.

FINISHED SIZE About 7.9 cm (3.1 in) long, 5.2 cm (2 in) wide and 4.3 cm (1.7 in) tall. A low, wide loaf, wider than it is tall (about 1.2 : 1).

Safety — read this first

Momo uses two 8 mm plastic safety eyes. If an eye, washer or surrounding stitch fails, it can release a small part: lock the washers firmly from the inside before stuffing and closing, then check each eye and the surrounding fabric by hand. An embroidered-eye version removes those plastic components but does not make the whole item a tested toy.

No finished Momo has been shown by Novality Store to comply with ASTM F963, EN 71 or another toy-safety regime; do not describe one as “baby-safe” or compliant. Before supply, the finished-item maker or seller must determine all applicable classification, assessment, testing, documentation, labelling and traceability duties in every destination market. The ears and tail are worked onto the body, but their yarn ends and the face embroidery must still be secured and buried.

Materials

- Main yarn: worsted #4, about 10 g. Grey, ginger, cream or black. One 25 g ball is enough for two at the stated gauge.
- Contrast: small amounts of white for the chest and paws, pink for the nose and inner ears.
- Hook: 3.5 mm (US E-4) - tight gauge so stuffing cannot show.
- Eyes: 2 x 8 mm safety eyes, or embroider in black.
- Also needed: polyfill about 10 g; tapestry needle; stitch marker; black embroidery floss.

Gauge & size

Gauge: about 4.5 mm per stitch and 4.3 mm per round. Finished size about 7.9 cm long, 5.2 cm wide and 4.3 cm tall - a low, wide loaf. The 48-stitch oval base sets the whole size of the cat.

Abbreviations (US terms)

ch - chain · sc - single crochet

inc - increase (2 sc in one st)

dec - invisible decrease · sl st - slip stitch

BLO - back loop only · FO - fasten off

st(s) - stitch(es) · Rnd(s) - round(s) · (n) - stitch count at round end

Work in a continuous spiral unless a piece says otherwise - no joins, no chain 1 between rounds; move the marker up each round.

Techniques used, in the order you will meet them

Around a chain (oval base) - THE step that makes the loaf. Crochet into BOTH sides of a starting chain: across the front, corner increases into the last chain, then back along the opposite side and into the last loop. That turns a chain into a flat oval instead of a strip. Do NOT use a magic-ring circle here - a round base gives a sphere every time.

Working in a spiral - No joins and no chain 1 between rounds; move the marker up each round - there is no join to count from.

Back loop only (BLO) - Work into the far loop only; the unused loops form a raised ridge - the visible edge where the oval base meets the walls. That ridge is what makes the loaf read as folded rather than moulded.

The invisible decrease - Front loops only of the next two stitches, yarn over and pull through both, then yarn over and pull through the remaining two. Every dec here is worked this way.

Flat rows (ch 1, turn) - The ears are not worked in the round: chain 1, turn, and work back along the row. Each row is shorter than the one before, forming the ear point.

Working into body fabric - The tail starts by pushing the hook through the finished body wall - go under a WHOLE stitch, not just one loop, or it will pull out.

Instructions

1. Body - one no-sew piece

The base is worked up to 48 stitches before the walls begin; the base size sets the whole cat. Stopping at 36 gives a body about 34 mm across that comes out tall and round no matter how firmly it is filled.

Rnd	Instruction	Sts	Note
Found.	ch 9	-	-
R1	sc in 2nd ch, sc in next 6, 3 sc in last ch, sc in next 6, 2 sc in last loop	(18)	around both sides of chain
R2	inc, 6 sc, inc x 3, 6 sc, inc x 2	(24)	-
R3	sc, inc, 6 sc, [sc, inc] x 3, 6 sc, [sc, inc] x 2	(30)	-
R4	2 sc, inc, 6 sc, [2 sc, inc] x 3, 6 sc, [2 sc, inc] x 2	(36)	-
R5	3 sc, inc, 6 sc, [3 sc, inc] x 3, 6 sc, [3 sc, inc] x 2	(42)	-
R6	4 sc, inc, 6 sc, [4 sc, inc] x 3, 6 sc, [4 sc, inc] x 2	(48)	BASE AT FULL SIZE
R7	BLO sc around	(48)	ridge = base edge
R8	sc in each st around	(48)	place and lock eyes before stuffing
R9	sc in each st around	(48)	lock eyes; embroider face /chest/paws; then stuff
R10	[6 sc, dec] x 6	(42)	-
R11	[5 sc, dec] x 6	(36)	-
R12	[4 sc, dec] x 6	(30)	ears worked onto R12
R13	[3 sc, dec] x 6	(24)	-
R14	[2 sc, dec] x 6	(18)	-
R15	[sc, dec] x 6	(12)	top up stuffing
R16	dec x 6	(6)	close via front loops

Finish: thread the tail through the front loop of each of the 6 remaining stitches, pull tight, knot and bury. Shape check: the base is an oval about 79 mm long and 52 mm across; the walls add ten rounds of height, so the finished loaf is about 43 mm tall - wider than it is tall.

2. Ears - worked onto the head (make 2)

After the body is closed, join the main yarn to the surface of Rnd 12, leaving about 6 body stitches between the INNER edges of the two ears. For Row 1, insert the hook under one whole body stitch for each sc; these five surface stitches act as the foundation. Work each ear as three short rows:

Rnd	Instruction	Sts	Note
Row 1	sc in next 5, ch 1, turn	(5)	-
Row 2	dec, sc, dec, ch 1, turn	(3)	-
Row 3	dec, sc	(2)	the ear tip

The row maths: Row 1 makes 5 stitches; Row 2 works dec, sc, dec (consumes 5, makes 3); Row 3 works dec, sc (consumes 3, makes 2) - those 2 stitches form the tip.

After Row 3, FO with a 15 cm tail; do NOT try to slip-stitch from the ear tip back to the head. Thread the tail through the 2 tip stitches to close the point, run it down the outer side edge, and tack that outer base corner to Rnd 12. Row 1 already secures the other base edge. Bury the tail inside the head, then embroider a small pink triangle on the front of each ear for lining.

3. Tail - worked off the body

Join the main yarn to the back of the body at about Rnd 9 on the centre line. **Surface Rnd 1:** insert the hook under four adjacent whole body stitches arranged as a tiny square and work 1 sc into each (4); place a marker in the first sc. **Rnds 2-8:** sc in each of the 4 tail stitches (4). Work upward in a tight spiral; do not make a magic ring and do not count the body stitches as extra tail stitches. Do NOT stuff - a thin tail curls around the loaf far better than a filled one. FO and bury the end through the body.

Finishing & assembly

Face & markings:

Eyes: immediately after Rnd 9, fix the 8 mm eyes between Rnds 8 and 9, about 7 stitches apart, LOW and wide on the front (7 sts is about 32 mm, roughly 60% of the body width). Low eyes read as a cat; high eyes read as a bear. Push the stems through and LOCK the washers from the inside. Before stuffing and continuing to Rnd 10, complete the nose, mouth, whisker dots, chest and paws below, knotting and burying every embroidery end inside.

Nose: at the after-Rnd-9 pause, embroider a small pink triangle centred between and just below the eyes, with two short stitches angled down from the point for the mouth; knot the ends inside.

Whisker dots: at the same pause, make three tiny black French knots on each side of the nose and secure the ends inside.

Chest & paws: with white yarn, embroider a soft oval on the chest and two small ovals at the front of the base for tucked paws. Add enough temporary stuffing to judge placement if needed, keep the 48-stitch opening clear, then knot the ends inside and continue stuffing before Rnd 10.

Long, low and wide - the BLO ridge and tucked paws make the loaf read as a folded cat.

Troubleshooting

- **It came out round.** You stopped increasing at Rnd 4 instead of Rnd 6, worked too many plain rounds at Rnds 8-9, or used a magic-ring base instead of the oval. The base must reach 48 stitches.
- **Tall and narrow.** The base did not reach 48. Count the stitches at Rnd 6 before the BLO round - that one number decides the whole shape.
- **Ears lean back.** Join the yarn one round lower and angle the first row slightly forward.
- **Tail falls off.** The first 4 sc must go through the body fabric under a whole stitch, not just one loop.
- **Stuffing shows.** Go down to a 3.0 mm hook - loose gauge on 3.5 mm is the usual cause.
- **Face looks like a bear.** Eyes too high and too close. Drop them a round and widen to 7 stitches.

Colorways

Grey tabby · Orange ginger · Cream · Black · Calico

Designer notes

- Grey tabby, orange ginger, cream, black, and calico are all suitable; make the calico version with ginger and cream patches embroidered securely onto a grey base.

Care

Follow the labels for every yarn and component used. Before publishing a care claim or supplying finished Momos, clean and dry a complete sample by the proposed method, then remeasure it and inspect for dye transfer, fibre change, stuffing migration, shifted eyes and loosened surface-worked ears or tail. Until that sample test passes, recommend gentle surface cleaning with a damp cloth and drying flat away from heat. Check all facial components and yarn anchors again after cleaning.

You may not copy, redistribute, resell, share, translate, reproduce, or claim the pattern itself as your own. The pattern itself may not be uploaded, reproduced, or distributed in digital or printed form without permission from Novality Store.

You may

Make as many finished Momos as you like for yourself, gifts, or charity. Sell physical finished items made from this pattern in small batches, in shops, markets and online, provided credit is given to “Novality Store”.

You may not

Do not resell, share, redistribute, translate, rewrite, publish or upload this digital PDF or its contents in any form. Do not alter, copy or recolor the pattern and claim it as your own. Do not use the Novality Store name, logo or photos beyond crediting the pattern. Do not mass-produce finished items commercially without written permission.

Safety reminder

No finished Momo has been shown by Novality Store to comply with ASTM F963, EN 71 or another toy-safety regime. Embroidery removes the plastic-eye components but is not proof of overall compliance. The finished-item maker or seller is responsible for applicable assessment, evidence, labelling and traceability before supply.

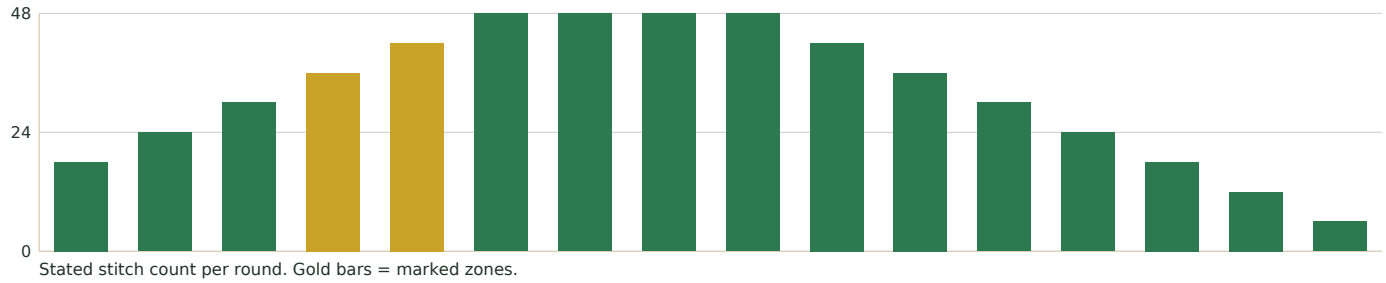

Happy crocheting!

Tag your makes with **#NovalityStore** and **#MomoTheLoafCat** - We love seeing your loaves. Thank you for supporting an independent pattern designer.

Verification summary

Every round count in this pattern was re-derived from its own instructions by an independent auditor (PASS: 16 ladder rows, 0 mismatches) and by the deterministic static-analysis engine crochet-check v1.0.0. No count below is sampled or hand-checked.

Axiom	What it guarantees	Findings
Domain Isolation	Pieces keep separate stitch domains	0
Edge Lineage	Every round consumes exactly the previous total	0
Open Boundaries	Open edges are closed or sewn deliberately	0
Gauge Bounding	Hook and gauge band consistent with stated size	0

Assembly map, count chart, ladder equivalents and the 5-axiom table are computed from the corrected master at compile time; no sampled results.
