

Illustrative render of the finished design - not a photograph of a sample

No-Sew Christmas Gnome

One-piece no-sew gnome · bobble nose · optional eyes · 12 cm

CROCHET PATTERN · US TERMS · BEGINNER · 1 - 2 HOURS · INK-FRIENDLY PRINT LAYOUT

✓ 5-AXIOM MATH VERIFIED ON PAPER	NO SEW	ONE PIECE	BOBBLE NOSE	WORSTED #4

RED - HAT CREAM - BEARD named original colourway

WHAT YOU GET	VERIFICATION	PRINT NOTES
One-piece no-sew gnome Full US-terms instruction tables Finishing, troubleshooting and care pages	✓ 5-axiom mathematical audit All round counts re-derived exactly Paper-verified: no sample crocheted	US Letter, no full-bleed colour Tables sized for home printers Checklist and record pages included

Every proportion pinned, counted and re-derived

each piece is worked in the order listed and sewn in the numbered assembly sequence; all stitch counts in this edition re-derive exactly from the written rounds.

Paper-verified edition: every stitch count, repeat multiplier, chain length and decrease schedule in this document was re-derived from its own instruction text. No sample was crocheted, blocked, weighed or measured, so all sizes, yarn quantities and times are targets for you to confirm on your first make.

Cover artwork is an illustrative render of the written design - not a photograph of a sample.

A plump little gnome worked as ONE continuous piece - body, beard, face and hat all in one tube with simple colour changes and a bobble nose. No assembly seams. A straightforward first amigurumi and a quick seasonal project.

FINISHED SIZE About 8 cm (3.25 in) tall in worsted / aran on a 3.5 mm hook. The flat base rounds R1 to R5 add width, not height, so standing height counts the wall rounds plus the hat taper only (paper estimate - measure your sample). About 5 cm (2 in) wide at the base. One piece - no assembly, no sewing.

Safety — read this first

Optional plastic safety eyes can become small parts if an eye, washer or surrounding stitch fails. Insert the safety eyes and lock their washers from the inside BEFORE stuffing and closing, then check each eye and the fabric by hand. An embroidered or plain face removes those plastic components but does not establish age suitability.

No finished gnome has been shown by Novality Store to comply with ASTM F963, EN 71 or another toy-safety regime; do not market one as “baby-safe” or compliant. Before supply, the finished-item maker or seller must determine all applicable classification, assessment, testing, documentation, labelling and traceability duties in every destination market. Stuff firmly and secure every yarn end.

Materials

- Body + hat yarn: worsted / aran (#4), about 9 g, red or green (paper estimate at roughly 1.6 g per 100 stitches).
- Beard yarn: worsted or fluffy white, about 2 g.
- Face yarn: skin tone, about 1 g.
- Optional: dark yarn for embroidered eyes, or 2 x 6-8 mm safety eyes.
- Hook: 3.5 mm (US E-4) - or whatever size makes a dense, no-see-through fabric.
- Stuffing: fibre fill about 10 g.
- Notions: stitch marker, tapestry needle, scissors.

Gauge & size

Gauge is not critical - aim for a firm fabric (about 10-11 sc x 11 rounds = 5 cm). If stuffing shows through, go down half a millimetre.

Abbreviations (US + UK)

MR - magic ring · sc2tog = dc2tog - work 2 stitches together as one (a decrease; swap for an invisible decrease, invdec, on the hat if preferred)

ch - chain · BO - 5-dc bobble (counts as 1 st) / UK: 5-tr bobble (counts as 1 st)

sl st - slip stitch · FO - fasten off

sc = dc - single crochet / double crochet · st(s) - stitch(es)

dc = tr - double crochet / treble crochet · R - round

inc - increase (2 sc in one st) / UK: increase (2 dc in one st) · (n) - stitch count at round end

How to read this dual pattern: every round appears twice side by side - the US-terms instruction in the left column, the exact UK equivalent in the right column. Stitch counts are identical for both terminologies. Prose tips use US terms.

Construction & techniques

Worked in continuous rounds (do not join, do not chain 1 between rounds) from the base up: body colour, then white beard, then skin-tone face, then the hat in the body colour. Mark the first stitch of every round and move the marker up. Change colours on the final pull-through of the last stitch of the old colour.

The magic ring - Wrap yarn around two fingers, insert the hook, pull up a loop and work the first round into the ring; pull the tail tight once the round is complete.

Working in a spiral - No joins and no starting chains - keep going round after round. The colour-change lines will slant very slightly; that is the no-sew look.

The 5-dc bobble - Yarn over, insert hook in the stitch, pull up a loop, yarn over and pull through 2 loops (incomplete dc). Repeat 4 more times in the same stitch (6 loops on hook). Yarn over and pull through all 6 loops. One bobble counts as ONE stitch and pops the nose.

sc2tog decrease - Insert hook, pull up a loop; insert in the next stitch, pull up a loop (3 loops on hook). Yarn over and pull through all 3. On the visible hat rounds (R17-R23) you may prefer the invisible decrease (invdec): insert hook under the FRONT loop only of the next two stitches, yarn over, pull through both front loops, yarn over, pull through 2 loops. Same counts, no bump.

Clean colour changes - Work the last stitch of the old colour until 2 loops remain, then pull the new colour through. Give both yarns a gentle tug to keep the join tight.

Instructions

1. Body, beard, face & hat - one piece

Start in the body colour (red or green). The R15-16 line, where you switch back to the body colour, forms the hat edge - no folding, no sewing.

Body - body colour

Rnd	US terms	UK equivalent	Sts
R1	6 sc in MR	6 dc in MR	(6)
R2	inc in each st around	inc in each st around	(12)

R22	sc in each st around	dc in each st around	(12)
R23	sc2tog x 6	dc2tog x 6	(6)

Eye and stuffing order: after Rnd 15, add the chosen eyes one round above the nose, about 3 stitches apart and equally spaced either side. For safety eyes, lock both washers while the 30-stitch opening is unobstructed. For embroidered eyes, knot and bury both ends inside at this same pause. Change to the hat colour for Rnd 16, then begin stuffing through the still-wide opening. Add small amounts every 1-2 rounds; finish filling before Rnd 23.

Finish: FO with a 15 cm tail, thread through the front loops of the last 6 stitches, pull closed and weave in.

Stuffing shape: pack the base flat and wide so the gnome stands; keep the pointed hat lightly stuffed so it can bend slightly.

The nose sits on Rnd 14, two rounds below the hat-colour change at Rnd 16. Because the lower body is symmetrical, let the Rnd 14 bobble DEFINE the front rather than trying to force it onto an earlier marker. Place the optional eyes one round above and equally either side of that bobble.

Finishing & assembly

- Hat brim (optional): join white yarn at the R15-16 colour-change line and work sl st around. FO and weave in - it covers the change line neatly.
- Eyes (optional): 2 embroidered straight stitches or 6-8 mm safety eyes, about 3 stitches apart and equally spaced either side of the nose, one round above it. Add either version after Rnd 15 and before stuffing begins at Rnd 16; lock safety-eye washers or knot embroidery ends inside while the opening is clear.
- Extra beard texture: a few surface sl sts or short tied strands of white over R9-12.
- Hanging ornament: ch 18 at the hat tip and sl st into the same place to form a loop. FO and weave in.

Troubleshooting

- **Colour lines slant noticeably.** That is the spiral's true line - put the slant at the back. Or join each colour with a sl st and ch 1 for perfectly level stripes, at the cost of a visible seam.
- **The nose bobble will not pop.** Work the 5 dc loosely and push the bobble toward you as you complete it; finish the round, then nudge it out from the inside while stuffing.
- **Gnome tips over.** Pack more stuffing into the base and flatten the bottom; the base disc should be noticeably firmer than the hat.

Colorways

Santa red · Forest green · Nordic grey · Candy pink · Midnight navy

Helpful tips

Size variations

Mini ornament: use DK yarn and a 3 mm hook. Work through Rnd 21 (12 sts), omit the plain Rnd 22, then work sc2tog around (6) and close as usual - about 6 to 6.5 cm tall.

Large decoration: use chunky yarn and a 5 mm hook. After the original Rnds 6-8, work 3 MORE plain 30-stitch body rounds, then continue with the beard instructions. All later section labels shift by three physical rounds; the stitch counts and shaping sequence are unchanged. Expect about 11 to 12 cm, but measure your sample.

- Why sc2tog here: the classic decrease is simple and grips the stuffing firmly. If you prefer a smoother visible hat, use the invisible-decrease method given in technique 4; both consume two stitches and make one.

Care

Follow the labels for every yarn and component used. Before publishing a care claim or supplying finished gnomes, clean and dry a complete sample by the proposed method, then remeasure it and inspect for dye transfer, beard shedding or matting, stuffing migration, shifted optional eyes and loosened nose or beard anchors. Until that sample test passes, recommend gentle surface cleaning with a damp cloth and drying flat away from heat. Reshape the hat and beard and recheck every component after cleaning.

Terms of Use

Copyright & ownership

This crochet pattern - including all instructions, stitch counts, photography and design elements - is the original work and intellectual property of Novality Store, designed by Novality Crochet Studio. Design Code NS 11.

This pattern is licensed to the purchaser for personal use and for the small-batch sale of finished physical items under the terms below. You may not copy, redistribute, resell, share, translate, reproduce, or claim the pattern itself as your own. The pattern itself may not be uploaded, reproduced, or distributed in digital or printed form without permission from Novality Store.

You may

Make as many finished gnomes as you like for yourself, gifts, or charity. Sell physical finished items made from this pattern in small batches, in shops, markets and online, provided credit is given to "Novality Store".

You may not

Do not resell, share, redistribute, translate, rewrite, publish or upload this digital PDF or its contents in any form. Do not alter, copy or recolor the pattern and claim it as your own. Do not use the Novality Store name, logo or photos beyond crediting the pattern. Do not mass-produce finished items commercially without written permission.

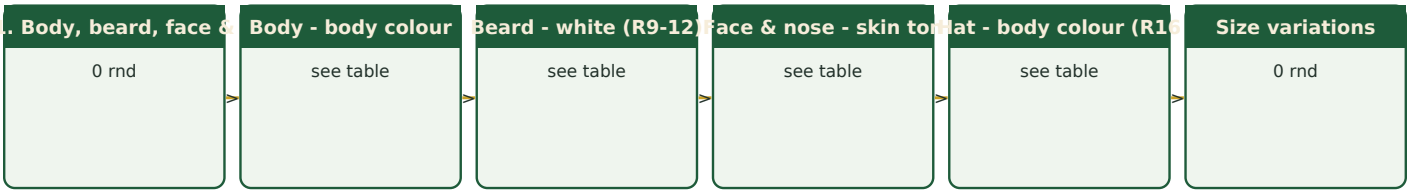

Safety reminder

No finished gnome has been shown by Novality Store to comply with ASTM F963, EN 71 or another toy-safety regime. If using plastic safety eyes, lock the washers before stuffing and closing; embroidery removes those components but is not proof of overall compliance. The finished-item maker or seller is responsible for market-specific assessment and evidence before supply.

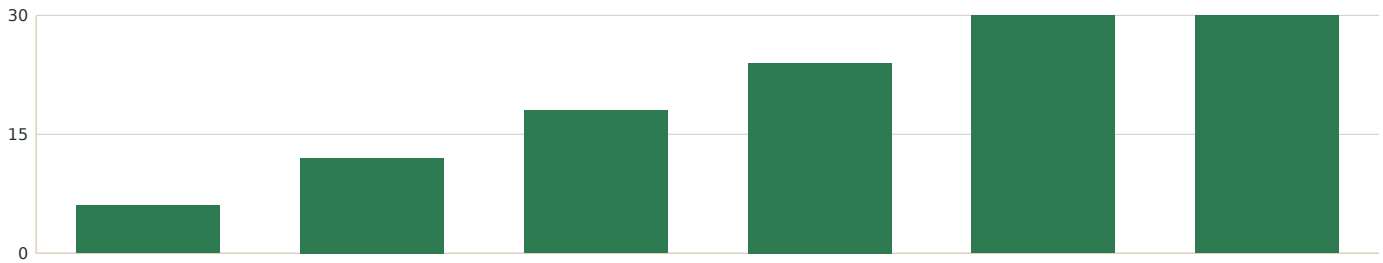

Happy crocheting!

Tag your makes with **#NovalityStore** and **#NovalityGnome** - We love seeing gnome gatherings. Thank you for supporting an independent pattern designer.

Appendix A - Assembly Map & Count Chart

Sew faces and small parts first, then join pieces in the numbered assembly order given in Finishing & assembly.

Stated stitch count per round. Gold bars = marked zones.

Appendix B - Count Ladder & Verification Summary

Rnd	Sts
R1	6
R2	12
R3	18

Rnd	Sts
R4	24
R5	30
R6-8	30

Verification summary

Every round count in this pattern was re-derived from its own instructions by an independent auditor (PASS: 6 ladder rows, 0 mismatches) and by the deterministic static-analysis engine crochet-check v1.0.0. No count below is sampled or hand-checked.

Axiom	What it guarantees	Findings
Domain Isolation	Pieces keep separate stitch domains	0
Edge Lineage	Every round consumes exactly the previous total	0
Open Boundaries	Open edges are closed or sewn deliberately	0
Gauge Bounding	Hook and gauge band consistent with stated size	0

Assembly map, count chart, ladder equivalents and the 5-axiom table are computed from the corrected master at compile time; no sampled results.
