Fire-goat plushie with matched open 12-stitch neck seams and golden sash Full US-terms instruction tables Finishing, troubleshooting and care pages	✓ 5-axiom mathematical audit All round counts re-derived exactly Paper-verified: no sample crocheted	US Letter, no full-bleed colour Tables sized for home printers Checklist and record pages included

Every proportion pinned, counted and re-derived

each piece is worked in the order listed and sewn in the numbered assembly sequence; all stitch counts in this edition re-derive exactly from the written rounds.

Paper-verified edition: every stitch count, repeat multiplier, chain length and decrease schedule in this document was re-derived from its own instruction text. No sample was crocheted, blocked, weighed or measured, so all sizes, yarn quantities and times are targets for you to confirm on your first make.

Safety — read this first

These instructions do not establish that either finished plush is suitable for a child or complies with a toy standard. Embroidered eyes remove plastic eye components but do not prove overall safety. Safety eyes, bells, beads, wire, pipe cleaners, ribbon loops, glue-only details and other hard, long or detachable additions introduce separate hazards. The original NS 17 route uses embroidered eyes, unstuffed yarn-only horns and sewn crochet accessories; it contains no internal wire and no loose tie-on collar.

Keep every finished item away from naked flames and heat despite the decorative “fire” theme. Do not use a finished plush as a cot item, baby mobile, keychain or hanging ornament without a qualified assessment for that exact use. Before sale or supply, the finished-item maker or seller must determine the applicable classification, mechanical, flammability, chemical, hygiene, documentation, warning, labelling and traceability duties in every destination market.

No NS 17 sample has been independently crocheted, load-tested, wash-tested or shown by Novality Store to comply with ASTM F963, EN 71 or another product-safety regime. All dimensions, yarn quantities and active times remain targets until confirmed on complete samples.

Quick facts

Detail	Original version
Designs	Fire Goat and hornless companion lamb
Skill level	Intermediate: spirals, shaping, colour changes, layered pieces, embroidery and reinforced structural assembly
Finished size	Source target 17 cm / 6.75 in seated is unverified and conflicts with the row-depth estimate below; measure the complete animals, including ear or horn projection, before publishing a size
Yarn	Smooth worsted (#4) for the original goat; worsted (#4) white texture yarn or smooth yarn for the original lamb
Hook	3.5 mm (US E/4), or the size needed for a dense target gauge
Construction	Separate head, muzzle, ears, body, limbs and tail; goat also has horns and a flame sash
Active time	Planning estimate 5–7 hours per animal, excluding sample correction and care testing
Terminology	US crochet terms

Chinese Lunar New Year begins on 6 February 2027; in the Chinese zodiac, 2027 is commonly described in English as the Year of the Fire Goat, Sheep or Ram. The source term □ (yáng) is broader than one English species label. This pattern uses “Goat” for the horned design and “lamb” for its companion; the names are design labels, not claims of cultural authenticity.

Calendar reference: the 6 February 2027 lunar-new-year date and the Fire Goat (Ding Wei) naming follow the traditional sixty-year sexagenary cycle. No external source is cited in this edition.

Materials

Fire Goat materials

- Smooth worsted (#4) cotton or acrylic: warm cream / off-white, about 73 m / 80 yd for head, body, outer ears, upper limbs and tail.
- Worsted (#4) light tan / beige, about 18 m / 20 yd for muzzle, inner ears and hooves.
- Worsted (#4) espresso brown or dark grey, about 9 m / 10 yd for two yarn-only horns.
- Worsted (#4) scarlet red, about 14 m / 15 yd for the fixed flame sash.
- Small amounts of burnt orange and golden yellow for flame edging and optional crochet flowers; green for optional leaves; pink and black embroidery thread for face details.
- Polyester fibre fill. Record the mass used in the completed test sample.

Companion lamb materials

- Worsted (#4) white texture yarn or smooth washable worsted, about 73 m / 80 yd for head, body, outer ears, upper limbs and tail. “Wool white” is the original shade name used below, not a fibre requirement. Do not substitute blanket-weight chenille without making and measuring a separate sample.
- Worsted (#4) light tan / beige, about 27 m / 30 yd for the muzzle and hooves.
- Worsted (#4) scarlet red, about 6 m / 7 yd for the fixed collar.
- Small amounts of pale-pink worsted yarn for the original inner ears, plus black embroidery thread and optional pink embroidery thread for blush.
- Polyester fibre fill. Record the mass used in the completed test sample.

Tools for either animal

- 3.5 mm crochet hook, or the size required for gauge.
- Blunt tapestry needle, stitch markers, scissors and rust-resistant pins.
- Optional 10 mm safety eyes for a separately assessed display version only. The original colourway and illustrated route use black embroidered eyes.

The quoted yarn is a planning allowance, not a measured guarantee. Fibre, twist, texture, gauge, tails and stuffing change use. Swatch, make one complete animal and weigh every colour before publishing supply claims or buying for production.

Gauge & size

Target gauge: about 20 sc and 22 rounds = 10 cm / 4 in in unstuffed spiral single crochet with smooth worsted yarn. More important than matching the number exactly, the fabric must be dense enough that stuffing does not show or migrate.

At the target stitch gauge, a 42-stitch circumference is about 21 cm / 8.25 in before stuffing. At the target row gauge, the goat's 19 head rounds plus 23 body rounds represent about 19 cm / 7.5 in of unstuffed row depth before shaping and seaming; the lamb's 20 plus 24 rounds represent about 20 cm / 8 in. Stuffing, three-dimensional shaping and the neck seam change those values, while ears and horns add projection. The source's 16–18 cm overall-height estimate is therefore not supported by gauge arithmetic and must not be advertised as measured size.

Make a head swatch or the first complete head, let it rest, then record gauge and dimensions. A fuzzy worsted yarn must meet the same dense gauge; blanket or super-bulky chenille requires a new hook, creates a materially larger object and is not a tested size option. Measure each fully assembled animal from its seated base to its highest attached feature before publishing any finished height.

Abbreviations (US terms)

- BLO — back loop only
- ch — chain
- dc — double crochet
- dec — invisible single-crochet decrease through the front loops of the next two stitches
- FO — fasten off
- hdc — half double crochet
- inc — work 2 sc in the same stitch
- MR — magic ring
- rep — repeat
- rnd — round
- sc — single crochet
- sl st — slip stitch
- st(s) — stitch(es)

Work all amigurumi rounds in continuous spirals unless a flat row is explicitly stated. Do not join or ch 1 between spiral rounds. Mark the first stitch and move the marker after every completed round. Brackets followed by “x” repeat the complete bracketed sequence.

Techniques, used in the order you will meet them

Magic ring: tighten the starting tail before Rnd 2 and weave it in securely. For the alternative start, ch 2 and work every R1 stitch into the second chain from the hook; use it only if the centre closes without a hole.

Invisible decrease: use the front loops of the next two stitches; one decrease consumes two stitches and produces one.

Open matched seam: the original head and body each stop at twelve stitches. Pair and sew every opening stitch for stitch.

Layered ear: make one outer and one inner piece per ear, then sew the complete perimeter before attachment.

Flattened limb top: an eight-stitch opening makes four stitch pairs. Sew through both layers of each pair and the body fabric.

Instructions

Fire Goat

1. Head — warm cream

Rnd	Instruction	Sts	Note
R1	6 sc in MR	(6)	tighten ring
R2	inc in each st around	(12)	-
R3	[sc, inc] x 6	(18)	-
R4	[2 sc, inc] x 6	(24)	-
R5	[3 sc, inc] x 6	(30)	-
R6	[4 sc, inc] x 6	(36)	-
R7	[5 sc, inc] x 6	(42)	-

R11	sc in each st around	(42)	-
R12	sc in each st around	(42)	-
R13	sc in each st around	(42)	-
R14	sc in each st around	(42)	face-access pause
R15	[5 sc, dec] x 6	(36)	begin stuffing
R16	[4 sc, dec] x 6	(30)	-
R17	[3 sc, dec] x 6	(24)	-
R18	[2 sc, dec] x 6	(18)	finish firm, even stuffing
R19	[sc, dec] x 6	(12)	FO; leave opening and 30 cm tail

Immediately after Rnd 14, embroider the two black eyes between Rnds 10 and 11 with their centres eight stitches apart; knot and bury the ends inside. If using the optional display-version safety eyes, install and lock both washers at this same pause. Do not work a six-stitch closing round: the 12-stitch Rnd-19 opening is the required half of the neck seam.

2. Muzzle — light tan

Rnd	Instruction	Sts	Note
R1	6 sc in MR	(6)	-
R2	inc in each st around	(12)	-
R3	[sc, inc] x 6	(18)	-
R4	sc in each st around	(18)	-
R5	sc in each st around	(18)	FO with sewing tail

Lightly stuff the muzzle. Centre its open 18-stitch edge below the eyes over Head Rnds 11–15. Sew every open-edge stitch to the head fabric, pausing before the final four stitches to adjust the stuffing. Through the still-open neck, knot and bury the sewing tail. Embroider two short nostrils and a small Y-shaped mouth using black; secure those ends through the neck opening.

3. Horns — espresso brown, make 2

Rnd	Instruction	Sts	Note
R1	4 sc in MR	(4)	horn tip
R2	[sc, inc] x 2	(6)	-
R3	sc in each st around	(6)	-
R4	sc in each st around	(6)	-
R5	sc in each st around	(6)	-
R6	BLO sc in each st around	(6)	bend ridge
R7	sc in each st around	(6)	-
R8	sc in each st around	(6)	-
R9	sc in each st around	(6)	-
R10	[sc, inc] x 3	(9)	horn base
R11	sc in each st around	(9)	FO with sewing tail

Do not stuff and do not insert wire or pipe cleaner. Fold slightly at the Rnd-6 ridge and place one hidden yarn tack between the inner sides of Rnds 5 and 7 to hold a gentle bend. Sew all nine base stitches to the top of the head across approximately Rnds 3–5. Position the two inner base edges about four head stitches apart and mirror the backward/outward angle.

4. Layered ears — make 2 complete ears

For each ear, make one warm-cream outer piece and one light-tan inner piece.

Row	Instruction	Sts	Note
Foundation	ch 7	-	6 working chains
Row 1	sc in 2nd ch and next 5 ch, ch 1, turn	(6)	-
Row 2	dec, 2 sc, dec, ch 1, turn	(4)	-
Row 3	sc in each st across, ch 1, turn	(4)	-
Row 4	dec x 2	(2)	FO; point

Place the inner piece on the outer piece with wrong sides together and sew the complete perimeter. Fold the six-stitch foundation edge in half and secure the fold. Sew that folded base through both layers to the side of the head around Rnds 8–12, below and behind its horn. Mirror the second ear.

For the optional longer ear, make both layers from this complete table instead; do not mix lengths within one ear.

Row	Instruction	Sts	Note
Foundation	ch 8	-	7 working chains
Row 1	sc in 2nd ch and next 6 ch, ch 1, turn	(7)	-
Row 2	dec, 3 sc, dec, ch 1, turn	(5)	-
Row 3	sc in each st across, ch 1, turn	(5)	-
Row 4	dec, sc, dec	(3)	FO; point

For each longer-ear layer, number the seven foundation-edge stitches 1–7. Fold that edge around stitch 4; match stitch 1 to 7, 2 to 6 and 3 to 5, with stitch 4 forming the fold. Secure the three matched pairs and the fold stitch to make four exact base anchors, then sew all four anchors to the head. Make and join both layers by the same longer-ear route.

5. Body — warm cream

Rnd	Instruction	Sts	Note
R1	6 sc in MR	(6)	base centre
R2	inc in each st around	(12)	-
R3	[sc, inc] x 6	(18)	-
R4	[2 sc, inc] x 6	(24)	-
R5	[3 sc, inc] x 6	(30)	-
R6	[4 sc, inc] x 6	(36)	-
R7	BLO sc in each st around	(36)	sit-flat base crease
R8	sc in each st around	(36)	both loops
R9	sc in each st around	(36)	-
R10	sc in each st around	(36)	-
R11	sc in each st around	(36)	-
R12	sc in each st around	(36)	-
R13	sc in each st around	(36)	-
R14	sc in each st around	(36)	-
R15	[4 sc, dec] x 6	(30)	-
R16	sc in each st around	(30)	-
R17	sc in each st around	(30)	-
R18	[3 sc, dec] x 6	(24)	begin stuffing
R19	sc in each st around	(24)	-
R20	[2 sc, dec] x 6	(18)	-
R21	sc in each st around	(18)	-
R22	[sc, dec] x 6	(12)	-
R23	sc in each st around	(12)	FO with 45 cm neck-seam tail

Stuff the base flat and the upper body firmly without distorting the 12-stitch neck opening. The body tail is reserved for the neck seam; every limb supplies its own sewing tail.

6. Arms / front legs — make 2

Use light tan for Rnds 1–4 and warm cream for Rnds 5–13.

Rnd	Instruction	Sts	Note
R1	5 sc in MR	(5)	hoof tip
R2	inc in each st around	(10)	-
R3	BLO sc in each st around	(10)	hoof crease
R4	sc in each st around	(10)	-
R5	sc in each st around	(10)	change to cream
R6	sc in each st around	(10)	-
R7	sc in each st around	(10)	-
R8	sc in each st around	(10)	-
R9	sc in each st around	(10)	-
R10	sc in each st around	(10)	-
R11	sc in each st around	(10)	-
R12	sc in each st around	(10)	-
R13	[3 sc, dec] x 2	(8)	FO with sewing tail

Stuff Rnds 1–9 lightly, keeping most of the fill inside the hoof; leave Rnds 10–13 without fill so the top can flatten cleanly. Match the second arm's fill level and flatten each eight-stitch opening into four pairs.

7. Legs / back legs — make 2

Use light tan for Rnds 1–5 and warm cream for Rnds 6–13.

Rnd	Instruction	Sts	Note
R1	6 sc in MR	(6)	hoof tip
R2	inc in each st around	(12)	-
R3	BLO sc in each st around	(12)	hoof crease
R4	sc in each st around	(12)	-
R5	sc in each st around	(12)	-
R6	sc in each st around	(12)	change to cream
R7	sc in each st around	(12)	-
R8	sc in each st around	(12)	-
R9	sc in each st around	(12)	-
R10	sc in each st around	(12)	-
R11	sc in each st around	(12)	-
R12	sc in each st around	(12)	-
R13	[sc, dec] x 4	(8)	corrected even opening; FO with sewing tail

Stuff through Rnd 8. Leave Rnds 9–13 without fill for a flexible seated leg, or add only a trace of fill; use the same choice and amount for both legs equally. Flatten each eight-stitch opening into four pairs. The corrected final round decreases 12 to 8 rather than 9 so no unmatched stitch remains within the flattened seam.

8. Tail — warm cream

Rnd	Instruction	Sts	Note
R1	4 sc in MR	(4)	-
R2	[sc, inc] x 2	(6)	-
R3	sc in each st around	(6)	-
R4	sc in each st around	(6)	-
R5	sc in each st around	(6)	-
R6	sc in each st around	(6)	FO with sewing tail

Do not stuff. Sew all six open-edge stitches to the centre back around Body Rnds 19–20, with the tip angled upward.

9. Fixed flame sash

With scarlet, ch 36.

Row	Instruction	Sts	Note
Row 1	sc in 2nd ch and next 34 ch, ch 1, turn	(35)	-
Row 2	sc in each st across	(35)	FO and weave red ends

Before adding the flame edge, pin the relaxed 35-stitch strip diagonally around the stuffed goat body in the stated assembly position. Its short ends must overlap by at least one stitch without stretching or compressing the body. If they do not, stop and correct the body or strip gauge; resizing the 35-stitch sash and its exact 12-peak edging is not included in this version.

Lay the strip flat with Row 2 uppermost and choose one 35-stitch long edge for the flames; do not work around either short end. Number the Row-2 edge stitches 1–35 in the direction you will crochet. For exactly 12 burnt-orange peaks, join orange in edge stitch 1, ch 3 and sl st in that same stitch. Then work `[sl st in next 2 edge sts, ch 3, sl st in next edge st] x 11`; sl st in edge stitch 35 and FO. This anchors peaks in edge stitches 1, 4, 7 through 34 and uses stitch 35 only as the finishing anchor.

With a needle and golden-yellow yarn, sew one short secure stitch through the top two chains of each of the 12 orange peaks. Knot and weave the yellow tail along the wrong side. In assembly, wrap the strip diagonally as a sash across the upper body, overlap the short ends at the back and sew the overlap plus the upper shoulder point to the body. Do not leave tie tails.

10. Optional crochet flower crown

For each of 3–4 flowers, ch 3 and sl st to the first chain to form a ring. Work `[ch 2, 2 dc in ring, ch 2, sl st in ring] x 5`, FO and retain the sewing tail. For each of two green leaves, ch 5; beginning in the second chain, work sc, hdc, sc, sl st; FO with a sewing tail.

Arrange the crochet-only pieces between the horns without covering either horn base. Sew the centre and complete inner edge of every flower and leaf to the head; knot and bury all tails through the open neck. Do not substitute glued fabric flowers in a child-accessible item.

Companion lamb

Make a separate muzzle, two complete layered ears, two arms and two legs from the Fire Goat tables using the lamb colours. Use wool white for each upper/main section, light tan for the muzzle and hooves, and pale pink for the original inner-ear layers. Do not make horns or the flame sash. Use the following head, body, tail and fixed collar.

11. Rounder lamb head — wool white

Rnd	Instruction	Sts	Note
R1	6 sc in MR	(6)	-
R2	inc in each st around	(12)	-
R3	[sc, inc] x 6	(18)	-
R4	[2 sc, inc] x 6	(24)	-
R5	[3 sc, inc] x 6	(30)	-

R9	sc in each st around	(42)	-
R10	sc in each st around	(42)	-
R11	sc in each st around	(42)	-
R12	sc in each st around	(42)	-
R13	sc in each st around	(42)	-
R14	sc in each st around	(42)	-
R15	sc in each st around	(42)	face-access pause
R16	[5 sc, dec] x 6	(36)	begin stuffing
R17	[4 sc, dec] x 6	(30)	-
R18	[3 sc, dec] x 6	(24)	-
R19	[2 sc, dec] x 6	(18)	finish stuffing
R20	[sc, dec] x 6	(12)	FO; leave open with 30 cm tail

Immediately after Rnd 15, embroider black eyes between Rnds 11 and 12, eight stitches centre to centre, and secure the ends inside. Centre a separate light-tan muzzle from the five-round muzzle table below the eyes over approximately Lamb Head Rnds 12–16. Lightly stuff it and sew all 18 open-edge stitches to the head, then embroider its nose and mouth while the 12-stitch neck remains open. Do not work a six-stitch closing round.

Make two layered ears with wool-white outer pieces and pale-pink inner pieces for the original colourway; light tan is an optional inner-ear substitution. Position their folded bases around Lamb Head Rnds 9–13 and angle them down. This design's companion lamb is intentionally hornless.

12. Rounder lamb body — wool white

Rnd	Instruction	Sts	Note
R1	6 sc in MR	(6)	base centre
R2	inc in each st around	(12)	-
R3	[sc, inc] x 6	(18)	-
R4	[2 sc, inc] x 6	(24)	-
R5	[3 sc, inc] x 6	(30)	-

R14	sc in each st around	(42)	-
R15	sc in each st around	(42)	-
R16	[5 sc, dec] x 6	(36)	-

Rnd	Instruction	Sts	Note
R17	sc in each st around	(36)	-
R18	sc in each st around	(36)	-
R19	[4 sc, dec] x 6	(30)	begin stuffing
R20	sc in each st around	(30)	-
R21	[3 sc, dec] x 6	(24)	-
R22	sc in each st around	(24)	-
R23	[2 sc, dec] x 6	(18)	-
R24	[sc, dec] x 6	(12)	FO with 45 cm seam tail

Stuff firmly while preserving the 12-stitch neck opening.

13. Lamb tail — wool white

Rnd	Instruction	Sts	Note
R1	5 sc in MR	(5)	-
R2	inc in each st around	(10)	-
R3	sc in each st around	(10)	-
R4	sc in each st around	(10)	-
R5	sc in each st around	(10)	lightly stuff
R6	dec x 5	(5)	FO with sewing tail

Sew all five edge stitches to the centre back around Lamb Body Rnds 20–21, angled down.

14. Fixed red lamb collar

Do not make the collar until the lamb's 12-to-12 neck seam is complete. With scarlet, ch 14 (about 6.5 cm relaxed at DK gauge, against an assembled neck of about 6 cm around). Before Row 1, check that the relaxed chain reaches around the assembled neck with one-stitch overlap and without tightening the neck; if your gauge differs, remake and record the adjusted foundation.

Row	Instruction	Sts	Note
Row 1	sc in 2nd ch and next 12 ch, ch 1, turn	(13)	-
Row 2	sc in each st across	(13)	FO with sewing tail

If the fit check required an adjusted foundation of **N** chains, work one sc in the second chain and every remaining chain for **N − 1** stitches in Row 1, then work **N − 1** sc in Row 2. Record that count on both rows; do not increase or decrease within the strip.

After the neck seam is complete, overlap the short ends by one stitch and sew them together. Tack the collar to the body at the centre back and centre front so it cannot tighten or pull over the head. Do not add a bell or long ribbon tie to the original route.

Finishing & assembly

Complete faces and head accessories while each 12-stitch neck remains open. Pin every piece and check symmetry before sewing.

Pair the head's 12 open stitches with the body's 12 open stitches. With the head tail, whipstitch through both loops of each pair exactly once around; adjust neck stuffing before closing the final two pairs, then secure that tail inside. With the body tail, work one complete reinforcing pass through the same 12 pairs in the reverse direction, secure it inside and bury both tails. The neck therefore has 12 matched anchors and 24 seam passes.

Flatten each eight-stitch arm opening into four pairs. Sew each pair through both arm layers and the body around Goat Body Rnds 19–21 or Lamb Body Rnds 20–22; repeat the four-pair seam once.

Flatten each corrected eight-stitch leg opening into four pairs. Place the inner edges four body stitches apart at the lower front around Body Rnds 7–10. Sew each pair through both leg layers and body fabric, repeat once, then stand the plush on a flat surface before knotting.

Sew the tail with every open-edge stitch. Confirm it is centred on the back relative to the face.

Sew the goat's flame sash at its back overlap and upper shoulder point. Sew the lamb collar closed and tack front and back. Add only the fully sewn crochet flower crown if selected.

Inspect the magic-ring centres, every seam, embroidery end and accessory anchor. No wire, glue-only part, loose tie or hanging loop belongs in the original construction.

Troubleshooting

- **Stuffing shows:** use a smaller hook or smoother yarn and remake the affected piece; do not rely on overstuffing.
- **The neck does not match:** both original head and body must stop with 12 open stitches. Do not close the head to six.
- **The head wobbles:** align all 12 pairs, work the required second seam pass and fill the neck before the last two pairs close.
- **A leg has an unmatched top stitch:** the corrected Leg Rnd 13 ends at eight, not nine; flatten into four pairs.
- **The base does not sit flat:** confirm the BLO crease is Goat Body Rnd 7 or Lamb Body Rnd 8 and distribute base stuffing away from the centre.
- **Fluffy stitches are difficult to see:** count by touch after every stitch, use a contrasting marker and verify each round before moving it.
- **The horns will not curve:** do not insert wire; use the hidden yarn tack across the Rnd-6 bend ridge.
- **The flame edge has too many peaks:** follow the exact 35-edge-stitch route; it makes 12 orange peaks.

Colorways

Original Fire Goat colourway: warm-cream body and ears, light-tan muzzle/inner ears/hooves, espresso-brown horns, scarlet-red sash, burnt-orange flames, golden-yellow flame tips and black embroidered eyes. Optional pink is limited to securely embroidered blush.

Original companion lamb colourway: wool white head/body/outer ears/tail, light-tan muzzle and hooves, pale-pink inner ears, scarlet-red fixed collar and black embroidered eyes.

Alternative body neutrals may include soft beige or pale grey while preserving strong contrast among face, horns and fire accents. Use yarns of comparable weight and gauge within one animal. Cultural colour descriptions are palette notes only; they are not claims that the design or accessory is an authentic traditional object.

Designer notes

The lamb shares the muzzle, ear, arm and corrected leg constructions but requires a separate set of those pieces when both animals are made. The goat's sash and lamb's collar are sewn closed rather than tied. Thread- or DK-weight miniatures, mobiles, keychains and hanging ornaments are not included as tested scale options; make and assess a separate sample before advertising another size or use.

Care

Follow the most restrictive label among every yarn, thread, stuffing and optional eye component. Before publishing a care claim, clean and fully dry a complete assembled sample by the proposed method, then remeasure and inspect colour transfer, shrinkage, fibre shedding, stuffing migration, eye/embroidery security, the two-pass neck seam, limbs, horns, ears, tail, sash or collar and crochet flowers.

Until that complete-sample test passes, recommend gentle surface cleaning with a barely damp cloth and drying supported on a towel away from heat. Never iron acrylic or textured yarn. Inspect every seam and attachment again after cleaning.

Terms of Use

Copyright & ownership

© 2026 Novality Store. All rights reserved. This crochet pattern - including all instructions, stitch counts, editorial layout, photography and design elements - is the original work and intellectual property of Novality Store, designed by Novality Crochet Studio. Design Code NS 17.

This pattern is licensed to the purchaser for personal use and for small-batch sale of finished physical items under the terms below. The purchaser may not copy, share, translate, upload, redistribute, resell or publish the pattern or any substantial part of it in digital or printed form.

You may

Make finished goats or lambs for yourself, gifts or charity. Sell finished physical items made from this pattern in small quantities, provided the listing credits “Pattern by Novality Store · Design Code NS 17” and does not claim unverified safety, testing, measurements, cultural authenticity or care results.

You may not

Resell or distribute this PDF or Markdown source; convert it into another pattern product; use its text, tables or visuals as listing assets for a competing pattern; claim authorship; or mass-produce finished items without written permission. Credit does not grant use of the studio name as your own brand.

Safety reminder

The finished-item maker or seller remains responsible for the actual materials, classification, assessment, testing, warnings, documentation, labelling and traceability required wherever a finished item is supplied.

Tag finished projects with **#NovalityStore** and **#NovalityFireGoat**.

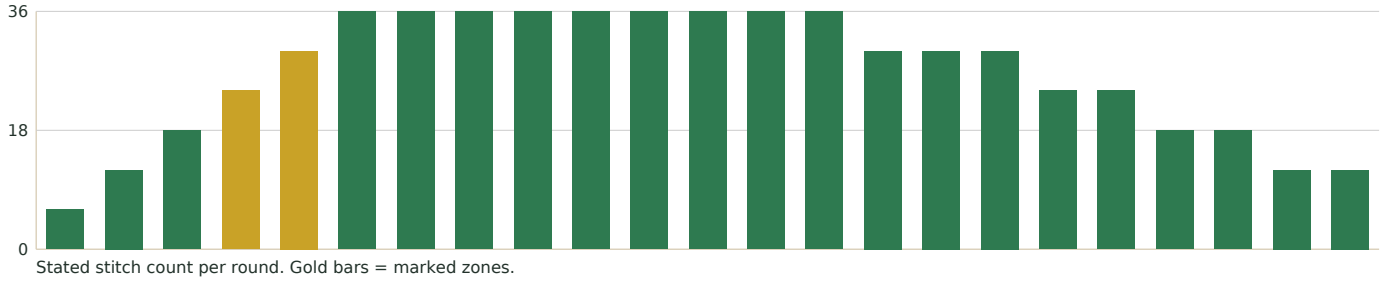

Happy crocheting!

Keep both necks open at 12 stitches, flatten every corrected limb opening into four pairs and secure each festive accessory without loose ties.

Appendix A - Assembly Map & Count Chart

Fire Goat materials	Companion lamb mater	Tools for either anima	Fire Goat	1. Head — warm crean	2. Muzzle — light tan
23 rnd	23 rnd	23 rnd	23 rnd	see table	see table

Sew faces and small parts first, then join pieces in the numbered assembly order given in Finishing & assembly.

Stated stitch count per round. Gold bars = marked zones.

Verification summary

Every round count in this pattern was re-derived from its own instructions by an independent auditor (PASS: 23 ladder rows, 0 mismatches) and by the deterministic static-analysis engine crochet-check v1.0.0. No count below is sampled or hand-checked.

Axiom	What it guarantees	Findings
Domain Isolation	Pieces keep separate stitch domains	0
Edge Lineage	Every round consumes exactly the previous total	0
Open Boundaries	Open edges are closed or sewn deliberately	0
Gauge Bounding	Hook and gauge band consistent with stated size	0

Assembly map, count chart, ladder equivalents and the 5-axiom table are computed from the corrected master at compile time; no sampled results.
