Pattern profile

NS 13 is the permanent identity of this pattern. Keep it with every revision, tester note, photograph and support message.

FORMAT US + UK TERMS	SKILL LEVEL BEGINNER	ACTIVE TIME 15-40 MIN EACH	FINISHED SIZE THREE ORNAMENTS
-------------------------	-------------------------	-------------------------------	----------------------------------

Named original colourway

CLASSIC RED round bauble	SNOW WHITE snowflake + accents	GOLD star + metallic details	EVERGREEN optional coordinated accents	SILVER metallic stripe or loop option

Use the written colour names and material roles when selecting yarn; screen and printer appearance varies.

FIGURE 1 · Illustrative maker map for NS 13. It supports navigation only; the written directions and counts control.

Read before making

Read every component and finishing note before beginning. Mark completed rows, confirm the count at each row end, and stop immediately if your count differs. Complete internal eyes, embroidery, knots and joins while the relevant opening remains accessible.

Safety: this PDF does not claim that a finished item meets any toy or consumer-product standard. Follow the full Safety section and obtain every assessment required for the finished item's intended market and use.

How to use this pattern

Read the complete component before beginning it. Move the marker at the start of every crochet round unless the master says otherwise. Diagrams and illustrations support orientation only; the numbered written directions control construction.

US + UK terms · Beginner · 15 - 40 min each — Design Code NS 13

Three quick decorations from leftover yarn: a stuffed round bauble, a flat-blocked five-point star, and a crisp six-arm snowflake. Allow about 15-40 minutes each, including finishing (blocking and drying take additional elapsed time).

FINISHED SIZE Bauble about 3.5-4 cm (1.5 in) across; star about 9 cm (3.5 in); snowflake about 10 cm (4 in). Sizes scale with yarn - use DK for dainty tree ornaments, chunky for bold window pieces.

Safety — read this first

These designs are intended as decorations, not toys. Keep them and their hanging loops out of children's reach; avoid beads, loose bells and glued additions, secure every loop twice, and make each loop only as long as needed for its intended support. No finished ornament has been shown by Novality Crochet Studio to comply with ASTM F963, EN 71 or another product-safety regime. A "decoration" label does not override reasonably foreseeable use, so a finished-item maker or seller must determine all applicable classification, assessment, testing, documentation, labelling and traceability duties before supply.

Materials

- Yarn: small amounts (5-15 g) of worsted / aran or DK - white, red, gold, green, silver. Cotton gives the crispest snowflake; acrylic is fine too.
- Hook: 3-4 mm (use 3 mm for DK, 4 mm for worsted).
- Optional: a pinch of fibre fill for the bauble; metallic yarn for surface stripes.
- Notions: tapestry needle, scissors, pin board or mat for blocking the star and snowflake.

Gauge & size

Gauge is unimportant - work tightly enough that the bauble holds fill and the star blocks flat. One round of the bauble base shows you the size at once.

Abbreviations (US + UK)

MR - magic ring · inc - increase (2 sc in one st) / UK: increase (2 dc in one st)

ch - chain · sc2tog = dc2tog - work 2 stitches together as one (a decrease)

sl st = sl st - slip stitch in both US and UK terms · FO - fasten off

sc = dc - single crochet / double crochet · st(s) - stitch(es)

hdc = htr - half double crochet / half treble crochet · R - round

dc = tr - double crochet / treble crochet · (n) - stitch count at round end

tr = dtr - treble crochet / double treble crochet

How to read this dual pattern: every round appears twice side by side - the US-terms instruction in the left column, the exact UK equivalent in the right column. Stitch counts are identical for both terminologies. Prose tips use US terms.

Construction & techniques

The bauble is worked in continuous rounds (no joins) with the marker in the first stitch. The star and snowflake are worked in JOINED rounds / off-the-ring motifs: each round closes with a slip stitch. Read each section from its own heading down - they are three small standalone patterns.

1. The magic ring - Pull the tail tight after round one; if the centre gaps, work the tail through the first round once more before weaving.
2. Picot-free points (star) - Each point is a fan of 6 worked stitches into ONE centre stitch, with a ch-2 tip: (sc, hdc, dc, ch 2, dc, hdc, sc). The ch-2 tip is a space and is not counted as a worked stitch. Per point you make 6 fan stitches plus 1 anchoring sl st, so the five-point round has 35 counted stitches (plus five ch-2 spaces). The symmetry comes from blocking, not tugging.
3. Chain spaces (snowflake) - The snowflake skeleton is 6 ch-5 loops pinned around the 12-dc ring. The arms are worked into the spaces, never into individual chains.
4. Blocking - For cotton, wet or mist the piece, pin every point to shape and let it dry fully. Acrylic often does not hold a shape from pins alone; if the yarn label permits, steam-block cautiously with the steamer or iron held above the fabric, never touching it, and test a scrap first. Do not press or iron either piece.
5. Tall snowflake arms - US tr and UK dtr are the same tall stitch in the two terminology systems; the height is intentional. Each R3 arm places only five worked stitches in its ch-5 space—an opening sl st, three tall stitches and a closing sl st. The two ch-3 sections form free side edges and do not consume extra anchors. Keep R2's ch-5 loops relaxed and slide the five R3 stitches apart along the space instead of stacking them tightly at one point.

Instructions

A. Round Christmas Bauble - stuffed ball

The sphere closes at the same 6-stitch crown it started from. Two-colour option: change at R5.

Rnd	US terms	UK terms	Sts	Note
[] R1	6 sc in MR	6 dc in MR	(6)	-
[] R2	inc in each st around	inc in each st around	(12)	-
[] R3	[sc, inc] x 6	[dc, inc] x 6	(18)	-
[] R4	[2 sc, inc] x 6	[2 dc, inc] x 6	(24)	-
[] R5-6	sc in each st around (2 rnd)	dc in each st around (2 rnd)	(24)	-
[] R7	[2 sc, sc2tog] x 6	[2 dc, dc2tog] x 6	(18)	-
[] R8	[sc, sc2tog] x 6	[dc, dc2tog] x 6	(12)	stuff now
[] R9	sc2tog x 6	dc2tog x 6	(6)	close

Finish: FO with a tail, thread through the front loops of the last 6 stitches, cinch and weave in. Stuff firmly but not hard - the sphere should spring back when pressed rather than feel rigid.

Hanging loop: join yarn at the crown, ch 18, sl st into the same joining place, FO and weave in. Surface sl sts in metallic yarn make instant stripes after Rnd 6.

B. Five-Point Star - flat, blocked

Each point uses exactly 2 of the 10 centre stitches - one for the slip stitch that anchors it, one for the fan that fills it. Block before hanging.

Rnd	US terms	UK terms	Sts	Note
[] R1	ch 1, 10 sc in MR, sl st to first sc to close	ch 1, 10 dc in MR, sl st to first dc to close	(10)	centre ring
[] R2	[sl st in next st, (sc, hdc, dc, ch 2, dc, hdc, sc) in next st] x 5, sl st to first sl st, FO	[sl st in next st, (dc, htr, tr, ch 2, tr, htr, dc) in next st] x 5, sl st to first sl st, FO	(35)	5 sl sts + 30 fan sts; ch-2 tips not counted

Hanging loop: pick the top point, join yarn in its ch-2 tip, ch 18, sl st into the same ch-2 space.

The repeat uses all 10 centre stitches exactly (2 per point). Each fan contains 6 worked stitches; with its anchoring sl st, each point contributes 7 counted stitches, for 35 total. The five ch-2 tip spaces are additional structure, not counted stitches.

C. Six-Point Snowflake - open lace

Three short rounds. The ring is closed first so the arms hang on real chain spaces - keep the dc round snug, the ch-5 round loose.

Rnd	US terms	UK terms	Sts	Note
[] R1	ch 6, sl st in first ch to form a ring; ch 3 (counts as first dc), 11 dc in ring, sl st to top of ch-3	ch 6, sl st in first ch to form a ring; ch 3 (counts as first tr), 11 tr in ring, sl st to top of ch-3	(12)	12 spokes
[] R2	[ch 5, skip next st, sl st in next st] x 6, sl st to base of first ch-5 to close	[ch 5, skip next st, sl st in next st] x 6, sl st to base of first ch-5 to close	-	6 ch-5 spaces
[] R3	(sl st, ch 3, 3 tr, ch 3, sl st) in each of the 6 ch-5 spaces, sl st to first sl st, FO	(sl st, ch 3, 3 dtr, ch 3, sl st) in each of the 6 ch-5 spaces, sl st to first sl st, FO	-	6 tall arms; 5 worked sts + two ch-3 side spaces per arm

R3 space-load check: across all six arms, R3 anchors 30 arm stitches in the ch-5 spaces—(1 sl st + 3 tr + 1 sl st) × 6—plus twelve uncounted ch-3 side spaces. The final sl st joins into the existing first sl st; it is a transition, not a sixth anchor in a ch-5 space. The US tr / UK dtr translation is deliberate. After completing the first arm, spread its five worked stitches across the ch-5 space and lay it flat. If that single arm buckles, undo it and remake the R2 ch-5 loop and R3 stitches more loosely, using a hook 0.5 mm larger for the lace rounds if needed; do not continue six crowded arms and expect glue or starch to repair the construction.

Hanging loop: join yarn in the ch-3 tip of one arm, ch 18, sl st into the same tip.

Block flat using the fibre-appropriate method in technique 4; let it cool if steamed and dry completely before hanging. Glue, starch and fabric stiffener are not part of this pattern. If the complete sample will not lie acceptably flat after the fibre-appropriate blocking route, adjust yarn, hook or tension and remake it before advertising a crisp finished result.

Finishing & assembly

- Bauble two-colour: change yarn on the final pull-through of R4 for a sharp banded ball.
- Weave every end on the star and snowflake in two directions - lace shows knots more than amigurumi does.
- Thread each finished loop through a cardboard or felt backing card with the string knot hidden underneath for gifting.

Troubleshooting

- Bauble looks like a lemon. Too much stuffing late in the game. Stuff a pinch at R8, shape by rolling, and keep the crown pinch tight at R9.
- Star will not lie flat. It needs blocking, not more tugging. Wet-block cotton. For acrylic, pins alone may not set the shape; follow the yarn label and cautiously steam from above without touching or melting the fibres.
- Snowflake arms lean, crowd or buckle. Confirm the tall stitch is US tr / UK dtr and that each arm has five worked stitches plus two ch-3 side spaces. Both arm-end sl sts share the same ch-5 space: work the first sl st loose, distribute the three tall stitches across the loop, and work the last sl st snug. If the first arm already buckles, remake the lace rounds more loosely or with a slightly larger hook instead of relying on glue or heavy stiffener.

Colourways

CLASSIC RED round bauble	SNOW WHITE snowflake + accents	GOLD star + metallic details	EVERGREEN optional coordinated accents	SILVER metallic stripe or loop option

NAMED ORIGINAL COLOURWAY · CLASSIC RED · SNOW WHITE · GOLD · EVERGREEN · SILVER.

Colourway notes: Snow white · Classic red & white · Gold · Evergreen trio · Frost blue

Helpful tips

Bundle at a glance

Piece	Time	Yarn (worsted)	Ideal use
Bauble	~25 min	8-10 g	Tree ornament, garland
Star	~20 min	6-8 g	Gift topper, garland
Snowflake	~15 min	4-6 g	Window, gift tag, garland

All three string neatly on one length of yarn - a matching garland is just all three patterns on repeat.

Care & storage

Follow the yarn and metallic-thread labels. Before publishing a cleaning claim or supplying finished ornaments, test the proposed method on a complete blocked sample and check for dye transfer, distortion, melted or dulled fibres, released stuffing and weakened hanging loops after it is fully dry. Store the ornaments dry and flat or supported, without crushing the star or snowflake points. Reblock only with the fibre-appropriate method above; never apply an iron directly.

You may not copy, redistribute, resell, share, translate, reproduce, or claim the pattern itself as your own. The pattern itself may not be uploaded, reproduced, or distributed in digital or printed form without permission from Novality Crochet Studio.

You may

Make as many finished ornaments as you like for yourself, gifts, or charity. Sell physical finished items made from this pattern in small batches, in shops, markets and online, provided credit is given to "Novality Crochet Studio".

You may not

Do not resell, share, redistribute, translate, rewrite, publish or upload this digital PDF or its contents in any form. Do not alter, copy or recolor the pattern and claim it as your own. Do not use the Novality Crochet Studio name, logo or photos beyond crediting the pattern. Do not mass-produce finished items commercially without written permission.

Safety reminder

These are intended as decorations, not toys. Keep ornaments and hanging loops out of children's reach, use loops only as long as needed, and secure every knot. Before supply, assess intended and reasonably foreseeable use and meet all market-specific product-safety duties.
