PATTERN OVERVIEW

Three quick decorations from leftover yarn: a stuffed round bauble, a flat-blocked five-point star, and a crisp six-arm snowflake. Ten to thirty minutes each, perfect for swaps, gift tags and stall fillers.

Finished size:

- Bauble about 3.5-4 cm (1.5 in) across; star about 9 cm (3.5 in); snowflake about 10 cm (4 in).
- Sizes scale with yarn - use DK for dainty tree ornaments, chunky for bold window pieces.

How to read this dual pattern: every round appears twice side by side - the US-terms instruction in the left column, the exact UK equivalent in the right column. Stitch counts are identical for both terminologies. Prose tips use US terms.

SAFETY FIRST

These are decorations, not toys. For anything within a child's reach, avoid beads and loose bells, knot every hanging loop twice, and keep loops under 10 cm to avoid tangle hazards. Not tested to a toy-safety standard (ASTM F963 / EN 71).

MATERIALS

- Yarn: small amounts (5-15 g) of worsted / aran or DK - white, red, gold, green, silver. Cotton gives the crispest snowflake; acrylic is fine too.
- Hook: 3-4 mm (use 3 mm for DK, 4 mm for worsted).
- Optional: a pinch of fibre fill for the bauble; metallic yarn for surface stripes.
- Notions: tapestry needle, scissors, pin board or mat for blocking the star and snowflake.

GAUGE

Gauge is unimportant - work tightly enough that the bauble holds fill and the star blocks flat. One round of the bauble base shows you the size at once.

CONSTRUCTION & TECHNIQUES

The bauble is worked in continuous rounds (no joins) with the marker in the first stitch. The star and snowflake are worked in JOINED rounds / off-the-ring motifs: each round closes with a slip stitch. Read each section from its own heading down - they are three small standalone patterns.

1. The magic ring

Pull the tail tight after round one; if the centre gaps, work the tail through the first round once more before weaving.

2. Picot-free points (star)

Each point is a fan of 7 stitches into ONE centre stitch, with a ch-2 tip: (sc, hdc, dc, ch 2, dc, hdc, sc). The ch-2 tip is a chain space and is not counted in the edge total - per point you gain 7 fan stitches plus 1 anchor sl st. The symmetry comes from blocking, not from tugging.

3. Chain spaces (snowflake)

The snowflake skeleton is 6 ch-5 loops pinned around the 12-dc ring. The arms are worked into the spaces, never into individual chains.

4. Blocking

Star and snowflake only look sharp when pinned: damp the piece, pin each point out, let it dry fully. Do not iron.

INSTRUCTIONS

A. Round Christmas Bauble - stuffed ball

The sphere closes at the same 6-stitch crown it started from. Two-colour option: change at R5.

Rnd	US terms	UK terms	Sts	Note
R1	6 sc in MR	6 dc in MR	(6)	-
R2	inc in each st around	inc in each st around	(12)	-
R3	[sc, inc] x 6	[dc, inc] x 6	(18)	-
R4	[2 sc, inc] x 6	[2 dc, inc] x 6	(24)	-
R5-6	sc in each st around (2 rnd)	dc in each st around (2 rnd)	(24)	-
R7	[2 sc, sc2tog] x 6	[2 dc, dc2tog] x 6	(18)	-
R8	[sc, sc2tog] x 6	[dc, dc2tog] x 6	(12)	stuff now
R9	sc2tog x 6	dc2tog x 6	(6)	close

Finish: FO with a tail, thread through the front loops of the last 6 stitches, cinch and weave in. Stuff firmly but not hard - the sphere should roll when pressed, not crack.

Hanging loop: join yarn at the crown, ch 18, sl st into the same joining place, FO and weave in. Surface sl sts in metallic yarn make instant stripes after Rnd 6.

B. Five-Point Star - flat, blocked

Each point uses exactly 2 of the 10 centre stitches - one for the slip stitch that anchors it, one for the fan that fills it. Block before hanging.

Rnd	US terms	UK terms	Sts	Note
R1	ch 1, 10 sc in MR, sl st to first sc to close	ch 1, 10 dc in MR, sl st to first dc to close	(10)	centre ring

Hanging loop: pick the top point, join yarn in its ch-2 tip, ch 18, sl st into the same ch-2 space.
The repeat uses all 10 centre stitches exactly (2 per point); the fan of 7 stitches per point = the scalloped edge.

C. Six-Point Snowflake - open lace

Three short rounds. The ring is closed first so the arms hang on real chain spaces - keep the dc round snug, the ch-5 round loose.

Rnd	US terms	UK terms	Sts	Note

Hanging loop: join yarn in the ch-3 tip of one arm, ch 18, sl st into the same tip.
Block flat with pins and a light mist - the snowflake is not finished until it is cold, dry and perfectly flat.

FINISHING & ASSEMBLY

- Bauble two-colour: change yarn on the final pull-through of R4 for a sharp banded ball.
- Weave every end on the star and snowflake in two directions - lace shows knots more than amigurumi does.
- Twine each finished loop through a cardboard or felt backing card with the string knot hidden underneath for gifting.

TROUBLESHOOTING

- **Bauble looks like a lemon.**
Too much stuffing late in the game. Stuff a pinch at R8, shape by rolling, and keep the crown pinch tight at R9.
- **Star will not lie flat.**
It needs blocking, not more tugging. Mist, pin all five points, let dry; cotton needs the mist, acrylic just the pins.
- **Snowflake arms lean one way, or the base bunches.**
Both arm-end sl sts share the same ch-5 space, and tension is the whole trick: work the FIRST sl st of each arm loose enough that the base of the arm lies flat (too tight twists the arm into the opening sl st), then work the LAST sl st snug so the arm stands upright.

COLORWAYS

HELPFUL TIPS

Bundle at a glance

Piece	Time	Yarn (worsted)	Ideal use
Bauble	~25 min	8-10 g	Tree ornament, garland
Star	~20 min	6-8 g	Gift topper, garland
Snowflake	~15 min	4-6 g	Window, gift tag, garland

All three string neatly on one length of yarn - a matching garland is just all three patterns on repeat.
