

Axel the Axolotl

A soft pink axolotl with six fluffy gills, a round head and a shell-edged paddle tail — head, neck, body and tail in one continuous spiral, no neck seam to sew

Design Code NS 03

US terms

Advanced beginner

2.5-3 hours

Stitch counts verified

About 11.5 cm (4.5 in) tall seated • ~10 cm (4 in) gill tip to gill tip • 4.3 cm tail • head a near-true sphere at ~52 mm wide x 51.6 mm tall

Worsted #4 pale pink ~15 g • fuzzy/eyelash dark pink ~8 g • worsted dark pink ~3 g • 3.5 mm hook
• two 6 mm safety eyes

SAFETY — READ THIS FIRST

Axel has two 6 mm safety eyes. Safety eyes are small parts: lock the washers firmly from the inside before stuffing, and pull-test every eye on the finished toy — a properly locked washer will not come off by hand.

The gills, arms, feet and tail fin are all sewn or worked on: sew each seam twice and weave every end in for at least 5 cm, then trim close — a loose gill is the first thing a child will pull.

This pattern has not been tested to ASTM F963 or EN 71, so do not describe finished Axels as “baby-safe”. For children under 3, skip the safety eyes and stitch the eyes with black floss instead.

Materials

- **Main yarn:** worsted #4, pale pink, about 15 g. Cotton or acrylic with a smooth matte finish — one 25 g ball covers the whole axolotl.
- **Gill yarn:** fuzzy / eyelash / fur yarn, dark pink, about 8 g. Essential: smooth worsted will not give fluffy gills, and the gills are the whole look.
- **Fin yarn:** worsted #4, dark pink, about 3 g, smooth — so the shell edging stays crisp.
- **Hook & eyes:** 3.5 mm (US E/4) for a tight gauge so stuffing cannot show through. Two 6 mm safety eyes (9 mm reads as buggy on this head).
- **Also:** polyester filling about 8 g; tapestry needle; black embroidery floss; pink pastel or chalk; stitch marker.

Gauge & size check

36 sc around measures about 52 mm across when stuffed (4.5 mm per stitch, 4.3 mm per round).

Wider than 55 mm? Drop to a 3.0 mm hook; under 48 mm? Go up to a 4.0 mm hook.

Abbreviations — US terms

MR magic ring • ch chain • sc single crochet • dc double crochet • inc increase (2 sc in one st) • invdec invisible decrease • sl st slip stitch • st(s) stitch(es) • FO fasten off • (n) stitch count at round end.

Construction at a glance

- **One piece.** head, neck, body and tail are worked in a single spiral from the top of the head straight through to the tail tip — there is no neck seam to sew.
- **Shared width.** head and body are both 36 stitches around; the neck at R13 is the only waist. Three straight rounds at the head keep it spherical rather than egg-shaped.

The techniques that make this pattern

- **1. The magic ring** — every piece begins with a magic ring; pull the tail to close it tight once the first round is complete.
- **2. Work in a spiral** — do not join and do not chain 1 between rounds. Keep a stitch marker in the first stitch of every round and move it up each time; there is no join to count from.
- **3. The invisible decrease** — insert the hook through the front loops only of the next two stitches, yarn over and pull through both, then yarn over and pull through the remaining two loops. It leaves no ridge, which matters on the head and neck where decreases are visible.
- **4. Closing through both layers** — to close a flat opening, fold the piece flat so the front and back layers lie together, then work one sc through each matched pair of stitches. Axel's 6-stitch tail tip folds into 3 pairs and closes with 3 sc.
- **5. The shell (scallop)** — work all the stitches of the group into one stitch, then slip stitch into the next stitch to anchor it. The group fans into a cup. Working the dc loosely makes each scallop cup outward instead of lying flat.

1 • Head, body & tail — one continuous spiral, 36 rounds

33	sc in each st around	6	
34	sc in each st around	6	
35	sc in each st around	6	
36	sc in each st around	6	taper to tip

Finish: fold the last 6 stitches flat so 3 pairs line up (3 front + 3 back), then work 1 sc through each pair — 3 sc in total — to close the tip cleanly. Fasten off and weave the end back through the tail tip and out along the

top ridge; you will crochet the fin directly onto that ridge in step 4. The tail runs R27-R36 — ten rounds, about 43 mm — giving the fin a long enough ridge to sit on.

2 · Arms & feet — sewn on, not worked into the body

Bobbles will not give you rounded limbs.

ARMS — make 2: R1: 6 sc in MR (6). R2-R6: sc around (6), then fasten off. Fasten off with a long tail, do not stuff. Flatten the open end and sew it closed as you attach, so the arms hang softly.

FEET — make 2: R1: 6 sc in MR (6). R2: [1 sc, inc] x 3 (9). R3-R4: sc around (9). R5: [1 sc, invdec] x 3 (6). Fasten off, cinch closed with a long tail and stuff lightly — do not flatten them, they are plump little balls; sew the cinched nub toward the body.

3 · Gills — make 6 (3 per side, fuzzy dark pink)

Rnd	Instruction	Sts	Notes
1	6 sc in MR	6	
2	inc in each st around	12	
3	sc around	12	
4	sc around	12	
5	[1 sc, invdec] x 4	8	open edge sewn to head

Working with fuzzy yarn: you cannot see the stitches. Hold a thin strand of matching smooth yarn together with the fur yarn so you can find the stitches, or count by feel with the hook tip and trust the round count. Small errors are invisible in the finished fluff.

Finish gills: fasten off with a long tail. The open edge sewn straight to the head disappears in the fluff — simply whip-stitch the 8-st opening flat against the head (or cinch the front loops first if you prefer a rounded lobe). Three fluffy gills fan behind each eye — upper angled up, middle out, lower down.

4 • The shell-edged tail fin

With smooth dark pink yarn, join with a sl st to the top ridge of the tail at the very tip (join into the tip end-closure corner). Working along the ridge back toward the body: * 5 dc in the next ridge stitch, sl st in the next ridge stitch. Repeat from * a total of 5 times (5 scallops). Fasten off and weave in.

Each scallop uses 2 ridge stitches, so the fin spans 10 stitches. The tail from R27 to R36 gives a ridge of about 10 workable stitches along one side, so 5 scallops fit it exactly — start at the tip and work back toward the body, then anchor the last sl st into the body junction. Work the dc groups loosely so each scallop cups outward. For a fuller paddle, work a second identical 5-scallop row along the underside ridge rather than stretching one row around the tip.

A note on fullness

Five shells over ten rounds is meant to ruffle — the cupped, frilly edge is the look, not a mistake. If the scallops seem crowded, work the dc even more loosely, use half a hook size larger for the fin yarn only, or work 4 scallops on a shorter ridge.

5 • Face, eyes & assembly

- **Eyes:** insert the 6 mm safety eyes between R7 and R8, 6 stitches apart, centred on the front of the head. Six stitches spans about 27 mm on the 52 mm head — about half the width. Fix the washers before stuffing, and pull-test each eye once it is locked.
- **Smile:** with black floss, embroider a wide shallow U across R8–R9, centred between the eyes and about 5 stitches wide. Keep it shallow; a deep curve reads as a frown.
- **Blush:** brush soft pink pastel or chalk in a small circle directly under each eye, just outside the eye line.
- **Gills:** sew 3 lobes to each side of the head, behind the eyes, anchored at about R6 (upper), R7–R8 (middle) and R9 (lower). Angle the top lobe upward, the middle one straight out and the bottom one downward so they fan, then tease the fibres apart with a slicker brush or your fingers.
- **Arms:** sew one arm to each side at R17–R18, about 6 stitches out from the centre front, angled slightly forward.
- **Feet:** sew one foot to each side of the centre front at R24–R25, about 4 stitches out from centre, so Axel sits flat and upright.

Before you sew — lay every component out and check

1 body (head to tail in one piece) • 2 arms • 2 feet • 6 gills • 1 fin. Check each against the pattern before attaching anything.

For your Etsy listing

- **Care:** spot clean or hand wash cool, squeeze in a towel and air dry; do not tumble dry. Fuzzy gills: fluff with a slicker brush once dry.
- **Safety note for listings:** decorative plush with 6 mm safety eyes — not suitable for children under 3 unless the eyes are embroidered.

Colorways

 Classic pink
  White leucistic
  Melanoid black
  Mint
  Lavender

Troubleshooting

- **Head firm, body soft.** stuff the head hard at R11 so it holds a sphere and the eyes stay level. Keep the body light so Axel stays squishy and sits down.
- **Neck collapsing.** the 18-stitch neck is deliberately narrow. First pack a little more stuffing into the neck through the body opening before closing R25. For a permanently sturdier neck, work R13 as [7 sc, inc] x 2, 2 sc (20), then change R14 to [4 sc, inc] x 4 (24) so it consumes all 20 stitches; R15 onward is unchanged.
- **Fin runs out of tail.** the ridge holds 10 stitches and 5 scallops need exactly 10. If you shortened the tail, work fewer scallops rather than crowding them.
- **Want a wider gill span?** as written the gills give about 10 cm tip to tip. Work each gill two rounds longer — add 2 plain rounds at 12 stitches before R5 — for a span of about 12 cm.
- **Stuffing shows through.** go down to a 3.0 mm hook. Loose gauge on a 3.5 mm hook is the usual cause.
- **Axel will not sit.** move the feet one round lower and make sure the R23-R26 decreases are centred on the underside, not the back.

Why this pattern works — validation summary

Every stitch count in this pattern was checked with deterministic math (Crochet Pattern Checker): round-by-round production vs. consumption, stated counts, and every size claim against the stated gauge.

Check	Result
Body Rnds 1-36: 6 → 36 → 18 → 36 → 12 → 9 → 6 chain	✓ verified
Arms 6 sts; feet 6 → 9 → 6; gills 6 → 12 → 8	✓ verified
Head sphere: 36 sts x 4.5 mm = 51.6 mm; 12 rnds = 51.6 mm tall	✓ verified
Tail R27-36 = 10 rnds = 43 mm; fin = 5 scallops x 2 ridge sts = 10	✓ verified
Eye gap 6 sts = 27 mm ~ half the 52 mm head	✓ verified
Sturdier-neck option: R13 = 20 sts, R14 [4 sc, inc] x 4 = 24	✓ verified

You may

Make as many finished Axels as you like for yourself, gifts, or charity. Sell physical finished items made from this pattern in small batches, in shops, markets and online, provided credit is given to “Novality Store”.

You may not

Resell, share, redistribute, translate, rewrite, publish or upload this digital PDF or its contents in any form. Do not alter, copy or recolor the pattern and claim it as your own. Do not use the Novality Store name, logo or photos beyond crediting the pattern. Do not mass-produce finished items commercially without written permission.

SAFETY REMINDER

This pattern has not been tested to a toy-safety standard such as ASTM F963 or EN 71. Axel uses two 6 mm safety eyes (small parts): for children under 3, embroider the eyes instead. Finished items made for sale must be assessed by the seller against local toy-safety laws.

Happy crocheting! Tag your makes with #NovalityStore and #AxelTheAxolotl — thank you for supporting an independent pattern designer.
