Boo, Pip and Bramble - each about 5 cm tall.

1 · Materials

Yarn	DK (#3) cotton: cream 10 g (Boo), pastel orange 10 g and sage green 2 g (Pip), lavender 10 g and pale pink 2 g (Bramble), black 5 g (hat, bat wing edge).
Hook	2.5 mm (US B/1 - C/2) for all three - a tight fabric so the minis hold their shape.
Safety eyes	6 mm black safety eyes: two per toy, six in all. Or embroider with black floss.
Floss	Black embroidery floss for mouths and cheeks; pink for blush stitches.
Stuffing & notions	Polyester fibre filling about 5 g per toy; yarn needle; stitch marker; a long doll needle for sculpting Pip's ribs.

Bramble's wings: three scallops each, the biggest in the middle.

GAUGE & SIZE

24 sc around measures about 27 mm across when stuffed in DK on 2.5 mm (3.5 mm per stitch, 3.2 mm per round). Gauge is not critical for these minis - a looser gauge simply gives slightly bigger toys - but keep it tight enough that stuffing does not show.

Abbreviations (US terms)

MR magic ring	ch chain
sc single crochet	hdc half double crochet
dc double crochet	inc increase (2 sc in one st)
invdec invisible decrease	sl st slip stitch
picot ch 3, sl st in first ch	BLO / FLO back / front loop only
FO fasten off	(n) stitch count at row/round end

2 · Techniques

Everything this pattern uses, in the order you will meet it.

1

Magic ring & spiral

All three bodies start with a magic ring and are worked in a continuous spiral. Move the marker every round.

2

Invisible decrease

Front loops only of the next two stitches, yarn over, pull through both, yarn over, pull through two. Keeps the closings smooth on tiny pieces.

3

The ruffled hem

Boo's hem doubles from 24 to 48 stitches in one round (2 sc in every stitch). Because the round below cannot stretch, the extra fabric must ripple - that is the ruffle. Work it loosely.

4

Needle sculpting

Pip's ribs are pulled in with a long needle and a doubled strand of orange: go straight through the pumpkin from the bottom centre to the top centre, round the outside and back through, pulling firmly; repeat six times, evenly spaced.

3 · Boo the Ghost – cream

A rounded dome with a ruffled hem, and a tiny witch hat. Boo is stuffed firmly up to the hem round; the ruffle is left open and floaty.

Body · R1 – R14

- Face - eyes between R6 and R7, 5 stitches apart. Embroider a small open 'o' mouth with black floss two rounds below the eyes, and a pink blush stitch under each eye.

4 · Pip the Pumpkin – pastel orange

A squashed sphere, wider than tall, with six ribs pulled in by needle sculpting. The stem and leaf are sewn on top.

Six ribs pulled in with a doll needle; the eyes sit ON two rib channels.

Do not close the 12-stitch top yet. Thread a doll needle with a long doubled strand of orange, anchor at the bottom centre, and pull six ribs (technique 4), evenly spaced every 6 stitches. Then cinch the top closed. About 40 mm across and 32 mm tall - squat, as a pumpkin should be.

FO with a long tail. Sew the leaf flat beside the stem, one point curling up. If you prefer a pointed leaf, sl st in the first stitch instead of working R2.

- Face - choose two rib channels next to each other at the front; the eyes go ON those channels between R8 and R9, 6 stitches apart, so the ribs frame the face rather than run through it.
- Embroider a small triangular nose and a wide smile with black floss two rounds below the eyes, pink blush stitches at the cheeks.

5 · Bramble the Bat - lavender

A round body with big pink-lined ears and two flat, scalloped wings worked in rows. The wings sew on by their straight top edge.

Bramble's wings: three scallops each, the biggest in the middle.

Cinch closed. About 33 mm across. Embroider two tiny fangs under a small smile with white and black floss.

FO; sew to the underside at R11-R12, 4 stitches apart.

- Wing - make 2, black or lavender. Worked flat in rows; the straight Row 1 edge is the ATTACH edge and sews to the body. The scalloped Row 3 edge is the wing outline.
- Row 1 - ch 13; sc in 2nd ch from the hook and in each ch across. Ch 1, turn. [12]
- Row 2 - sc in each st across. Ch 1, turn. [12]
- Row 3 (scallops) - sl st 2, (sc, hdc, picot, hdc, sc) in next, sl st 3, (sc, hdc, dc, picot, dc, hdc, sc) in next, sl st 2, (sc, hdc, picot, hdc, sc) in next, sl st 2. [26 stitches over 12 anchors] - the biggest scallop sits in the MIDDLE of the wing, so the wing points at its centre like a bat's.
- FO leaving a long tail. Sew the Row 1 edge (12 stitches, about 42 mm) to the side of the body along R6-R8, scallops pointing out and slightly down. Each wing spans about 45 mm; tip to tip with the body about 12 cm.

6 · Assembly & finishing

BEFORE YOU SEW - LAY EVERY COMPONENT OUT AND CHECK

Boo: 1 body, 1 hat, 2 arms · **Pip:** 1 body, 1 stem, 1 leaf · **Bramble:** 1 body, 2 ears, 2 wings, 2 feet · 6 safety eyes (or floss)

Boo

Eyes between R6/R7, 5 apart. Hat off-centre over R1-R3, tip bent. Arms at R9-R10. Mouth 'o' and blush. Stuffed to R13; ruffle open.

Pip

Ribs first (six, with the doll needle) while the top is still open; then cinch, stem and leaf on top. Eyes ON two adjacent rib channels between R8/R9, 6 apart; nose, smile and blush.

Bramble

Ears at R3-R4, 6 apart, pink lining. Eyes between R7/R8, 6 apart. Wings by the Row 1 edge along R6-R8 each side, big scallop centred. Feet under R11-R12. Fangs and smile.

Hanging loop (optional)

For ornaments, ch 20 in matching yarn, sl st into the top centre of each toy and knot the ends inside.

7 · Troubleshooting

Boo's ruffle will not ripple. R14 must be a full 2 sc in EVERY stitch (24 to 48) and worked loosely, with R13 in back loops only so there is a ridge to flare from.

Pip is round, not squat. Stop at R10 for the straight rounds - three of them - and pull the ribs firmly; the sculpting compresses the height. Six ribs, 6 stitches apart.

Pip's eyes look wrong. Place them on two neighbouring rib channels so the ribs frame the face. Placed between channels, a rib runs through the eye.

Leaf comes out cupped. R2 must consume all 14 stitches: sc 4, inc x 3, sc 4, inc x 3 = 20. The old 'sc 4, inc x 3, sc 4' only used 11 and left it puckered.

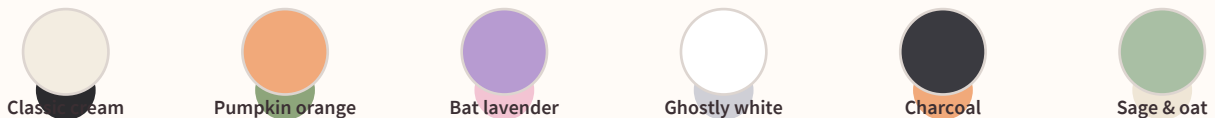

Bat wings look like rectangles. They are rectangles until Row 3 - the scallop row is the whole shape. The 7-stitch shell must be the middle one, flanked by two 5-stitch shells.

Bat wing too narrow. The attach edge is 12 stitches (about 42 mm) but the wing spreads wider along the scallop edge. Sew only the Row 1 edge; leave the scallops free.

Witch hat brim too big. R10 is [1 sc, inc] x 12 = 36 for a 22 mm brim. If you worked inc in every stitch (48) the brim flops - pull R10 back.

Stuffing shows. Go down to a 2.25 mm hook; these are small and the fabric must be dense.

Colourways

Left to right: classic cream Boo, pumpkin-orange Pip, lavender Bramble, then alternates - ghostly white, charcoal, sage and oat. Mix any body colour with any face.
