a true loaf

Welcome

A cat in the classic loaf position: paws tucked under, wider than it is tall, worked in one piece up from a 48-stitch oval base. The ears are worked as three short rows straight off the body and the tail is crocheted onto the side, so there are no seams - only the face to embroider.

OVAL BASE

In this booklet

- 1 Materials, gauge & abbreviations
- 2 Techniques you will use
- 3 · Base & body - one piece
- 4 · Ears & tail - worked on, not sewn
- 5 Assembly & finishing
- 6 Troubleshooting & colourways
- 7 Terms of use

A 48-stitch oval base worked straight up into the loaf.

1 • Materials

Main yarn	Worsted #4, grey (or any cat colour), about 25 g.
Contrast	Worsted #4 white, a few metres, for the chest and muzzle; pink floss for the nose; black floss for the eyes and mouth.
Hook	3.5 mm (US E/4).
Eyes	Two 6 mm safety eyes, or embroider with black floss.
Also needed	Polyester fibre filling about 12 g; yarn needle; stitch marker; pins.

Ears are three flat rows worked off R12; the tail is crocheted out of the side.

GAUGE & SIZE

The 48-stitch oval base measures about 79 x 52 mm (4.5 mm per stitch, 4.3 mm per round). Check it after R4 - if the oval is much longer or rounder than that, your foundation chain is too loose or tight; re-chain at a steadier tension.

Abbreviations (US terms)

MR magic ring	ch chain
sc single crochet	inc increase (2 sc in one st)
invdec invisible decrease	sl st slip stitch
BLO back loop only	FO fasten off
st(s) stitch(es)	(n) stitch count at round end

2 · Techniques

Everything this pattern uses, in the order you will meet it.

1

The oval base

Chain 9, then work down one side of the chain and back up the other, putting 3 sc in the last chain to turn the corner. The increases at both ends turn the strip into an oval and keep the long sides straight - that is what makes a loaf rather than a ball.

2

Back-loop turning round

R5 is worked in back loops only. The unworked front loops make a crisp edge all round the base so Momo sits flat with a defined bottom.

3

Invisible decrease

Front loops only of the next two stitches, yarn over, pull through both, yarn over, pull through two.

4

Ears worked on

At R12, each ear is three short rows worked back and forth over 5 body stitches, decreasing to a point. No sewing, and they cannot fall off.

5

Tail worked on

Join the yarn to the side of the body and crochet the tail directly out of the body stitches, then curl and tack it round the base.

6

Placing the face low

A loaf cat's eyes sit low - on R8-R9, about a third of the way up the front. High eyes make a standing cat.

7

Embroidered features

A pink 'V' nose with a short vertical line below and two small curves makes the classic cat mouth; two straight white stitches either side give whisker pads.

3 · Base & body – one piece

Start with the ch-9 oval. Four rounds of increases bring it to 48 stitches; R5 in back loops turns the edge; then the sides go straight up before the crown decreases.

Base & body · R1 – R16

Rnd	Instruction	Sts	Note
Found.	ch 9	chain	
R1	sc in 2nd ch, sc in next 6, 3 sc in last ch, other side: sc in next 6, 2 sc in last ch	(18)	work round the chain
R2	inc, 6 sc, inc x 3, 6 sc, inc x 2	(24)	
R3	1 sc, inc , 6 sc, [1 sc, inc] x 3, 6 sc, [1 sc, inc] x 2	(30)	
R4	2 sc, inc , 6 sc, [2 sc, inc] x 3, 6 sc, [2 sc, inc] x 2	(36)	
R5	BLO: 3 sc, inc , 6 sc, [3 sc, inc] x 3, 6 sc, [3 sc, inc] x 2	(42)	back loops - the base edge
R6	4 sc, inc , 6 sc, [4 sc, inc] x 3, 6 sc, [4 sc, inc] x 2	(48)	oval done: ~79 x 52 mm
R7	sc in each st around	(48)	
R8	sc in each st around	(48)	eyes at R8 - R9, 6 sts apart, on a short end
R9	sc in each st around	(48)	
R10	sc in each st around	(48)	stuff as you go
R11	[6 sc, invdec] x 6	(42)	
R12	[5 sc, invdec] x 6	(36)	EARS worked here - see section 4
R13	[4 sc, invdec] x 6	(30)	stuff firmly
R14	[3 sc, invdec] x 6	(24)	
R15	[2 sc, invdec] x 6	(18)	
R16	[1 sc, invdec] x 6	(12)	top up, cinch closed

A 48-stitch oval base worked straight up into the loaf.

Cinch the 12 stitches closed with the tail and bury it. The closed top runs along the length of the loaf. One short end of the oval is the FACE; the ears sit above it at R12 and the tail curls round from the other end.

LOAF PROPORTIONS

Length 79 mm, width 52 mm, height about 43 mm - wider than tall by 1.2 to 1. If your cat is taller than it is wide, you added straight rounds; R7-R10 are the only four.

4 · Ears & tail – worked on, not sewn

Both are worked directly onto the body. Do the ears when you reach R12 (before the head closes), and the tail after the body is finished.

- **EARS** - at R12, mark 5 stitches on the face end of the body, on each side of the centre line with 6 stitches between the two ears (so the pair sits about 27 mm apart). For each ear, join the main yarn with a sl st at the first marked stitch and work back and forth:
 - Row 1 - sc in next 5, ch 1, turn. [5] Row 2 - dec, sc, dec, ch 1, turn. [3] Row 3 - dec, sc. [2] - the ear tip.
 - FO, pull the tip to a point and bury the tail down through the ear. Embroider a small pink triangle inside each ear. The ears lean slightly forward over the face - if they lean back, you have joined them on the wrong end.
- **TAIL** - after the body is closed, join the main yarn with a sl st at R6-R7 on one long side near the back end. Ch 1, then work 4 sc into the next 4 body stitches, working in a tiny spiral of 4 stitches around for 12 rounds (about 5 cm). FO leaving a tail.
- Curl the tail round the base of the loaf along the long side and tack its tip down with two stitches so it hugs the body - a proper loaf cat keeps its tail wrapped.
- **CHEST** - with white, embroider or crochet a small triangle on the face end below the muzzle line. The simplest way: 8-10 long straight stitches fanning from a point at R5 up to R8, between the paws.

Ears are three flat rows worked off R12; the tail is crocheted out of the side.

TAIL AS A SPIRAL

4 sc worked round and round makes a firm cord without stuffing. If your tail twists, you are pulling the yarn too tight - loosen a little and it will curl naturally.

5 · Assembly & finishing

BEFORE YOU SEW - LAY EVERY COMPONENT OUT AND CHECK

1 body with base (one piece, closed on top) · 2 ears worked on at R12 · 1 tail worked on and tacked · face embroidered: eyes, nose, mouth, whisker pads, chest

Face position

Eyes at R8-R9 on one SHORT end of the oval, 6 stitches apart, centred. Low is right: a third of the way up.

Eyes

6 mm safety eyes inserted before stuffing past R10 and locked, or two short horizontal black floss stitches with a tiny white highlight.

Nose & mouth

A pink floss 'V' one round below the eyes, centred; a short black vertical line down from the point of the V and two small curves either side for the mouth.

Muzzle & chest

Two or three white straight stitches under each side of the nose for whisker pads; a white fan of stitches on the chest below.

Ears

Already worked at R12; embroider the inner pink triangles and check both tips are pinched to a point.

Tail

Worked from R6-R7 on a long side, curled round the base and tacked at the tip.

Paws

Optional: two short lines of main-colour stitches on the base edge at the front, 4 stitches apart, suggest the tucked paws.

6 · Troubleshooting

Momo is round, not oval. The foundation chain sets the length - ch 9 gives 7 straight stitches each side. Keep the 6-stitch straight runs in R2-R6 exactly as written; putting increases in them rounds the shape off.

Taller than wide. R7-R10 are the only straight rounds. Stuff firmly but do not overstuff the height - press the top down gently when closing.

Ears in the wrong place. They belong at R12 above the FACE end, with 6 stitches between them. Work them before R13 so the head is still open enough to bury the tails.

The base is not flat. R5 must be worked in back loops only, and the base should be stuffed lightly at the bottom, firmly higher up. Stand Momo on a table and press down once.

The tail will not curl. Work the 4-stitch spiral a little tighter and tack the tip to the base with two stitches - it is meant to be sewn down, not to stay curled by itself.

Stuffing shows. 36 sc should measure about 52 mm; if the fabric gapes, go down to a 3.0 mm hook.

Colourways

Grey tabby

Orange ginger

Cream

Black

Calico

Left to right: grey tabby, orange ginger, cream, black with a white chest, calico patches. Keep the nose pink and the eyes low.
