WORSTED · 5-5.5 MM HOOK

NAMED ORIGINAL COLOURWAY

FOREST GREEN · OAT CREAM

ABOUT THIS COMPANION FILE

Designed for economical home printing and progress tracking.

Large artwork is omitted; the written directions match the full-colour edition.

Pattern profile

NS 14 is the permanent identity of this pattern. Keep it with every revision, tester note, photograph and support message.

FORMAT US + UK TERMS	SKILL LEVEL EASY-INTERMEDIATE	ACTIVE TIME GROWS BY SIZE	FINISHED SIZE 46-109 CM
-------------------------	----------------------------------	------------------------------	----------------------------

Named original colourway

FOREST GREEN main twelve-spoke field	OAT CREAM bobble snowflake contrast
---	--

Use the written colour names and material roles when selecting yarn; screen and printer appearance varies.

Progress tracking

Every construction-table row begins with a printable [] box. Tick it only after completing the row and confirming the stated count.

Read before making

Read every component and finishing note before beginning. Mark completed rows, confirm the count at each row end, and stop immediately if your count differs. Complete internal eyes, embroidery, knots and joins while the relevant opening remains accessible.

Safety: this PDF does not claim that a finished item meets any toy or consumer-product standard. Follow the full Safety section and obtain every assessment required for the finished item's intended market and use.

How to use this pattern

Read the complete component before beginning it. Move the marker at the start of every crochet round unless the master says otherwise. Diagrams and illustrations support orientation only; the numbered written directions control construction.

US + UK terms · Easy - Intermediate · grows by size — Design Code NS 14

A flat twelve-spoke circle of double crochet with a bobble snowflake blooming every third round. Closed centre ring - slip it over the stand before the tree goes up. Mini, standard and large sizes from the same twelve-columns math.

FINISHED SIZE Mini / tabletop: stop after R14 - 18-21 in (46-53 cm) across. Standard: stop after R23 - 29-33 in (74-84 cm) across. Large: stop after R32 - 38-43 in (97-109 cm) across. Centre hole approximately 1.5-2 in unstretched (verify against your tree stand; ch 24 at the start for a larger opening).

Safety — read this first

This design is intended as home decor, not a toy. It is not flameproof: keep the skirt away from open flames, heaters and hot lamps, and use only cool-running lights that are approved for the tree and location.

No finished skirt has been independently assessed by Novality Crochet Studio for flammability or another product-safety requirement. Before supply, the finished-item maker or seller must assess the actual yarn and construction and meet all classification, testing, documentation, labelling and traceability duties for every destination market. A “home decor” label does not replace requirements arising from intended or reasonably foreseeable use.

Materials

- Worsted or aran (#4) yarn, 700-1,200 g for standard or large skirt.
- Hook: 5-5.5 mm.
- Optional contrast yarn (CC) for bobble rounds and surface lines.
- Notions: stitch marker, scissors, tapestry needle.

Gauge & size

Flat swatch in US dc, blocked lightly: 12 dc = 4 in (10 cm); 6 rounds = 4 in (10 cm). Measure the actual skirt as it grows.

Abbreviations (US + UK)

MC - main colour · CC - contrast colour

ch - chain · sl st - slip stitch

st(s) - stitch(es) · FO - fasten off

sc = dc - single crochet / double crochet · R - round

dc = tr - double crochet / treble crochet · (n) - stitch count at round end

BO - 5-dc bobble (counts as 1 st) / UK: 5-tr bobble (counts as 1 st)

How to read this dual pattern: every round appears twice side by side - the US-terms instruction in the left column, the exact UK equivalent in the right column. Stitch counts are identical for both terminologies. Prose tips use US terms.

Construction & techniques

Closed rounds, joined - do not turn. Ch 2 at round start never counts as a stitch. Work the first dc or BO into the SAME stitch as the join, mark it, and slip stitch to that marked stitch at round end. Twelve increase columns add 12 stitches every round; every third round from R5 is a bobble round (in CC if you like).

1. The 12-spoke circle - Round N of the growth ladder consumes N-1 and produces N stitches per each of its 12 repeats, so the stitch total after round N is always exactly 12 x N. R9 needs 7 plain dc and R10 needs 8 - one fewer and you run out of stitches before the round closes.
2. The 5-dc bobble - Yarn over, insert hook, pull up a loop, yarn over, pull through 2 loops (incomplete dc). Repeat 4 more times in the same stitch (6 loops on hook). Yarn over, pull through all 6. One bobble counts as ONE stitch; push it to the front.
3. Changing colour at a join - Work the final slip stitch of the round with the new colour, then begin the next round with it - no visible step.
4. Surface snowflake spokes - Surface slip stitches up each of the 12 increase columns in CC with a smaller hook. Keep them loose so the skirt stays flat.

Instructions

1. Skirt - center ring and growth rounds

Ch 2 starts every round and is never counted. Work the first dc (or first BO on a bobble round) into the same stitch as the join, then end with sl st to that first actual stitch. Worked flat and circular throughout.

Centre ring

Scalloped border

Rnd	US terms	UK terms	Sts	Note
[] -	Join CC in any st; ch 1, [sc in next st, skip 2 sts, 5 dc in next st, skip 2 sts] around, sl st to first sc, FO	Join CC in any st; ch 1, [dc in next st, skip 2 sts, 5 tr in next st, skip 2 sts] around, sl st to first dc, FO	-	repeats consume 6 sts each; R14 gives 28, R23 gives 46, R32 gives 64 scallops

Surface snowflake lines (optional)

Rnd	US terms	UK terms	Sts	Note
[] -	Join CC beside an increase column at the centre; surface sl st outward over each of the 12 columns, FO	Join CC beside an increase column at the centre; surface sl st outward over each of the 12 columns, FO	-	12 spokes, one per increase column

Sizes are approximate - yarn, hook and tension change the diameter. Measure the lying-flat skirt against your tree stand before committing to a border.

Finishing & assembly

- Weave all ends on the wrong side.
- Block lightly to a flat circle; a gentle border wave is the design.
- Measure the centre opening against the tree stand before listing photos; photograph under a decorated tree AND flat on the floor.

Troubleshooting

- Skirt ruffles like a lettuce leaf. Too many increases for your tension - the ladder is exactly +12 per round, so the fix is tension or a smaller hook, not extra stitches.
- Skirt cups like a bowl. Too few increases reaching the round end - check R9 (7 plain dc) and R10 (8) first; one plain dc short leaves 12 stitches unworked at round end.
- Bobbles will not pop. Work the 5 dc loosely and push each bobble to the front as it closes; CC bobbles read best.

Colourways

FOREST GREEN main twelve-spoke field	OAT CREAM bobble snowflake contrast
---	--

NAMED ORIGINAL COLOURWAY · FOREST GREEN · OAT CREAM.

Colourway notes: Forest & cream · Snow white & red scallops · Navy & silver · Single-colour cream

Helpful tips

Sizes at a glance

Size	Stop after round	Stitches	Border scallops	Approx. diameter
Mini/tabletop	R14	168	28	18-21 in / 46-53 cm
Standard	R23	276	46	29-33 in / 74-84 cm
Large	R32	384	64	38-43 in / 97-109 cm

All three endings are divisible by 6, so the scallop border closes cleanly at every size.

- Count rule: Round N always consumes N-1 existing stitches and produces N stitches in each of 12 repeats. On a plain round that is (N-2) plain dc plus one increase; on a bobble round, one of those plain dc is replaced by one BO. Use this rule to verify any added rounds.

Care & storage

Follow the actual yarn label. Before publishing a cleaning claim or supplying finished skirts, wash and dry a full-size sample by the proposed method, then remeasure the diameter and centre opening and inspect for dye transfer, shrinkage, bobble distortion and stretched joins. Until that test passes, make no machine-wash or tumble-dry claim. Store completely dry and away from heat, flame, damp and pests; lay flat or roll rather than sharply creasing the bobble design.

Terms of Use

Copyright & ownership

This pattern is licensed to the purchaser for personal use and for the small-batch sale of finished physical items under the terms below. You may not copy, redistribute, resell, share, translate, reproduce, or claim the pattern itself as your own. The pattern itself may not be uploaded, reproduced, or distributed in digital or printed form without permission from Novality Crochet Studio.

You may

Make as many finished skirts as you like for yourself, gifts, or charity. Sell physical finished items made from this pattern in small quantities with credit to Novality Crochet Studio.

You may not

Sell, share, copy or redistribute this pattern or any part of it. Claim the pattern as your own design. Produce items from this pattern as a factory or manufacturer.

Safety reminder

Intended as home decor, not a toy, and not flameproof. Keep away from ignition and heat sources and use only cool-running lights approved for the tree and location. No finished skirt has been independently assessed by Novality Crochet Studio; the finished-item maker or seller is responsible for all market-specific product-safety evidence and duties before supply.

Finish checklist & notes

- [] Every row count checked before moving on
- [] Gauge, dimensions and selected version confirmed
- [] Face and internal ends completed before closure
- [] Components counted and pinned before attachment
- [] Structural seams and hanging points checked twice
- [] All yarn ends, knots and attachments inspected

PROJECT NOTES

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
